VOL. XXXVIII—NO. 68. FRESNO, CALIFORNIA, TUESDAY, SEPTEMBER 6, 1910. PRICE FIVE CENTS

ROWELL TO PRESIDE OVER REPUBLICANS

State Convention Will Convene in San Francisco, With Progressives in Control---Platform Is Ready For Approval.

LINCOLN-ROOSEVELT LEAGUE PUBLISHES EXPENSE ACCOUNT OF PRIMARY CAMPAIGN

SAN FRANCISCO, Sept. 5.—In the final preparations today for the Republican state convention, which will convene here tomorrow, the insurgents represented by the Lincoln-Roosevelt League, were in the saddle. While the executive committee of the league was holding a conference all afternoon, the headquarters of the regular central committee was deserted.

At the close of the conference, a statement covering the income and expenses of the league during the recent primary campaign was given to the press. This announcement, unprecedented among political organizations in this state, caused the league headquarters to be besieged by the convention delegates, who evinced a lively interest in the itemized account of the late battle.

Following the conference of the executive committee of the league, the leaders of the dominant wing of the party gathered to put their aproval on the final draft of the platform which will be submitted to the convention tomorrow. After this meeting it was announced that Chester H. Rowell of Fresno would be selected as chairman of the convention and that Charles Detrick will act as secretary. It was also announced that if he can be prevailed upon to accept the place, Meyer Lissner of Los Angeles will be chosen as chairman of the new state central committee. Charles Detrick will be placed in nomination by the league leaders for the secretaryship of the new committee.

The figures made public by the executive committee of the league follow:

Income	$26,122.36
Expenditure	27,929.79
Balance	$ 192.77

SCHEDULE OF EXPENDITURES.

Meetings and organization	$ 9,058.01
Publicity	7,852.48
Headquarters	5,058.37
Election day expenses	3,396.70
Petitions	2,481.36
Copying Great Register	882.87
Total	$27,930.79

It was announced tonight that Frank P. Devlin of Vallejo will act as chairman of the platform committee.

DEMOCRATIC EDITORS PREPARE PROGRAM FOR STATE CONVENTION

Gathering Opens Informally and Will Get Down to Serious Work Today—Theodore Bell Arrives at Midnight.

STOCKTON, Sept. 5.—The state convention of the Democratic party held an informal session in this city today but as the State Central committee through oversight named Labor Day as the opening date, a motion to adjourn until tomorrow morning was the only business to come before the meeting. The convention was called to order by Chairman Dewitt of the state central committee and following an invocation by Rev. Sink of this city, Judge J. S. Baker of Modoc county, Democratic candidate for Congress from the first district, presented the motion to adjourn, which was carried unanimously. The delegates then went into district caucuses and gave themselves up to the distractions of the Labor Day celebration.

There is every indication that the convention will be completely harmonious. The only contest will be over the selection of chairman and that promises to be settled off the floor. The candidates now in the field are Sydney M. Van Wyck Jr. of San Francisco, and J. O. Davis of Hollister. Davis carries the backing of many southern delegates and it appeared from the talk about the hotels tonight that he would be named even in the event of a fight on the floor.

It was rumored about the city tonight that Van Wyck would withdraw in favor of Davis. This the San Francisco man strenuously denied, saying that the first he had heard of the report that he would nominate Davis was the question propounded by his interrogator. Asked if he believed that such a move would be advisable to promote harmony, Van Wyck said that he thought his election would mean the uniting of all factions.

Davis declared during the day that he had heard nothing of the rumor that Van Wyck would withdraw in his favor and several members of the state central committee made similar statements. Despite these denials, however, the rumor gained headway tonight that Van Wyck would not enter the race.

EDITORS RESOLVE

Interest centered today in the meeting of the Democratic Editorial League, which adopted a sharp anti-alien resolution with the recommendation that it be inserted in the party platform. The league also placed itself on record in favor of the Panama exposition and the $5,000,000 state subscription for the exposition which will be considered by the special session of the legislature tomorrow.

Theodore Bell, candidae for governor, was expected to arrive early this evening but owing to the length of his talk at Shell Mound, Oakland, in the afternoon, did not make connections and failed to reach the city until nearly midnight. A reception in his honor and an open air meeting on the plaza at which he was scheduled to speak, had been planned and the latter was carried through, several Democratic candidates taking the opportunity to present their views. Every mention of Bell's name evoked cheers from the delegates and many of them defied drowsiness to be on hand at midnight to welcome the Democratic leader.

In the course of the editors' meeting today, the moves to be made by the Democratic papers of the state during the campaign were discussed. Many editors expressed their views and it was resolved that a correspondence system should be inaugurated for the purpose of organizing the work of the papers. It is provided by the resolution that any member of the league who has a suggestion to make as to the campaign shall write to campaign headquarters in San Francisco and a copy of his proposition shall be forwarded by that office to every Democratic paper in the state.

NO PERSONALITIES

The editors also agreed to the proposition as to the campaign assumed by Bell in which he has declared that he would make his fight strictly on the issues and refrain from anything in the nature of personal attacks upon those of opposing political faith, should be that of the Democratic press of the state. There was very little discussion of issues themselves, the speakers confining themselves to generalities.

While the platform and resolutions committees have not begun their labors, it is generally known that it is proposed to make the party declaration an indorsement of the Panama-Pacific International exposition at San Francisco in 1915. Those who oppose it are open to conviction and it is expected that beyond a discussion along minor lines there will be no trouble in bringing about the desires of the exposition committee.

There was a meeting in Governor Gillett's office this afternoon when the two resolutions to amend the state constitution were taken up, one to bond the state for $5,000,000 and the other to change the San Francisco charter and make it carry out the wishes of the majority of the committee. Among the changes made was one which arranged for the commission to handle the funds. This commission is now to be composed of the governor and four other members each of the latter to be selected from different sections of the state. While it does not say in so many words that no member shall be from San Francisco, this is the implied meaning. This was one of the provisions asked for by the committee.

Governor Gillett was asked to become one of the commission but declined. He feels that as the commission will act under the administration of his successor that the governor named next November should be the one to set on the commission and he should have the naming of the other members. For this reason it is provided now in the resolution that the four members shall be named February, 1911, this giving the new governor the appointing power.

INFORMAL MEETING

At a meeting held tonight in the Capital hotel at which nine senators and twenty assemblymen were present, there was a general discussion regarding the measures to be brought before the legislature. All of those present, with the exception of Assemblyman Gibbons of San Luis Obispo, were in hearty accord with the provisions of the resolutions as finally read. There was no general discussion, because, as was expressed by Senator Leavitt, the bill was not before the members in printed form, and it would be better to wait until it was so placed before them so that careful reading would give a full and intelligent knowledge of the contents.

James McNab presided and explained the benefits to come to California as a state by bringing the fair to San Francisco, and in this he was seconded by Leon Sloss, who gave some interesting figures along lines of subscriptions to the fund in San Francisco. The meeting was an enthusiastic one.

LETTER CARRIERS MEET

SACRAMENTO, Sept. 5.—The third biennial state convention of the National Letter Carriers' Association met in this city today and transacted all of the business to come before it, including the election of officers, settling, in so far as it could settle, the question whether San Francisco or Los Angeles should put in a claim for the national convention of 1911 by deciding in favor of San Francisco.

The new officers are:

President, Cornelius P. Randy of Sacramento; vice president, Dan J. Hallan of Oakland; secretary, E. H. Osborn of Los Angeles; treasurer, J. C. Hieck of Berkeley.

CARDINAL APPROVES MODERN COMBINES

Both Labor and Capital Must Unionize to Obtain Best Results.

BALTIMORE, Sept. 5.— Cardinal Gibbons, in an interview today said that while there was continuous strife between employed and the employer "the people have nothing to fear from law abiding unions and from law abiding corporations."

"In union there is strength—in the physical, moral and social world," said the cardinal.

"Just as the power and majesty of our republic are derived from the political union of several states, so do men clearly perceive that the healthy combination of human forces in the economic world can accomplish results which could not be effected by an individual efforts."

The cardinal deplored the lack of the practice of economy by the present generation.

"The people believe," he said, "that they must have automobiles, must go to the theaters, must have various kinds of amusements and must have many things more or less expensive without which their fathers and grandfathers got along well enough and prospered. This desire prevents a sensible conservation of the people's resources."

GOVERNOR TO SEND IN APPOINTMENT LIST

None of the Men Named Have Asked for Their Positions.

SACRAMENTO, Sept. 5.—At the extra session of the legislature which convenes next Tuesday, Governor Gillett will send to the Senate the names of his recent appointments that are subject to confirmation by the upper house.

"It is a singular fact," said the governor tonight, "that none of the men who are on my list of recess appointments asked me to recommend them to the Senate.

"The list contains names of seventeen men who were appointed during the regimes of Governors Gage and Pardee reappointed by me because of the fact that I thought them good officers."

ELKS HAVE PICNIC.

SAN JOSE, Sept. 5.—Three hundred local Elks held their annual outing today at Evaksta, in the Santa Cruz mountains. The train coaches were decorated in the colors of the order, and the picnic embraced a barbecue, baseball game, running races and many other events.

LEGISLATORS READY FOR SPECIAL SESSION TODAY

Nearly All Are in Favor of Voting to Submit Fair Bond Proposal.

COMMISSION OF FIVE

San Franciscans Are on Hand to Urge Their Views.

SACRAMENTO, Sept. 5. — Nearly every member of the 38th session of the California legislature is on hand for the opening of the extra session of the legislature tomorrow morning at 10 o'clock. Among the number present only a few are in any way opposed to the resolutions that have been prepared for presentation to the legislature furthering the Panama-Pacific International exposition at San Francisco in 1915. Those who oppose it are open to conviction and it is expected that beyond a discussion along minor lines there will be no trouble in bringing about the desires of the exposition committee.

There was a meeting in Governor Gillett's office this afternoon when the two resolutions to amend the state constitution were taken up, one to bond the state for $5,000,000 and the other to change the San Francisco charter and make it carry out the wishes of the majority of the committee. Among the changes made was one which arranged for the commission to handle the funds. This commission is now to be composed of the governor and four other members each of the latter to be selected from different sections of the state. While it does not say in so many words that no member shall be from San Francisco, this is the implied meaning. This was one of the provisions asked for by the committee.

Governor Gillett was asked to become one of the commission but declined. He feels that as the commission will act under the administration of his successor that the governor named next November should be the one to set on the commission and he should have the naming of the other members. For this reason it is provided now in the resolution that the four members shall be named February, 1911, this giving the new governor the appointing power.

There was no general discussion, because, as was expressed by Senator Leavitt, the bill was not before the members in printed form, and it would be better to wait until it was so placed before them so that careful reading would give a full and intelligent knowledge of the contents.

James McNab presided and explained the benefits to come to California as a state by bringing the fair to San Francisco, and in this he was seconded by Leon Sloss, who gave some interesting figures along lines of subscriptions to the fund in San Francisco. The meeting was an enthusiastic one.

LETTER CARRIERS MEET

SACRAMENTO, Sept. 5.—The third biennial state convention of the National Letter Carriers' Association met in this city today and transacted all of the business to come before it, including the election of officers, settling, in so far as it could settle, the question whether San Francisco or Los Angeles should put in a claim for the national convention of 1911 by deciding in favor of San Francisco.

The new officers are:

President, Cornelius P. Randy of Sacramento; vice president, Dan J. Hallan of Oakland; secretary, E. H Osborn of Los Angeles; treasurer, J. C. Hieck of Berkeley.

WHITE PROVES BEST AVIATOR AT BOSTON

Took First Place in Every Contest at the Aero Meet.

BOSTON, Sept. 5.—Claude Grahame White of England proved himself the superior of all aviators taking part in the second day's events of the Harvard-Boston aero meet when before thirty thousand people at Atlantic today he took first place in every one of the five classes exhibited.

In addition, White gained plaudits repeatedly as in exhibition flights he demonstrated in a thrilling manner the hazardous feats of dipping, swooping and making short turns. He did this not only alone, but in one of his flights he took up Miss Mary Campbell of New York and after twice circling the course in an easy manner, gave her a thrill with a 200 foot slide down the wind to within ten feet of the ground from which he dropped lightly to the turf.

Charles Foster Willard of Melrose took up the first newspaper woman to make an ascension in this country, Miss Eleanor Ladd of Boston.

The best time of the day, made by White, was 5½ miles in six minutes, one second, with a Blerlot. White's distance record of the day was 45 miles, 617 feet. On the trip he was one hour, 14 minutes 7 seconds in the air. The serious accident of the day occurred in the amateur class when Horace F. Kearney of Kansas City, while running over the ground at the getaway, shot into a wire fence. He escaped unhurt.

GERMAN SPY ARRESTED.

PORTSMOUTH, Eng., Sept. 5.- An officer of a German pioneer regiment was arrested today in the act of sketching the fortifications.

LABOR DAY WIDELY OBSERVED IN BIG CITIES OF NATION

Forty Thousand Men in Line in the Parade in San Francisco.

RIOT AT PORTLAND

Police Break Up Mob and Arrest a Dozen Concerned in Outbreak.

PORTLAND, Sept. 5. — A riot in which 2,000 men were involved and as a result of which twelve arrests were made, occurred today at the conclusion of the Labor Day parade. The teamsters' union is on strike, and as the procession passed the office of the Baggage and Omnibus Transfer Company a few men ran out and tried to overturn a dray. A score of bystanders joined them.

Policemen were rushed to the corener of Sixth and Oak streets, where a mob was rapidly forming. An angry rioter who waved an American flag in front of Sergeant Riley's face was among those arrested. The police fought the crowd for three blocks to land their prisoners in jail.

Charges of inciting a riot were placed against the ringleaders. Less than one-half of those arrested were union members.

40,000 IN SAN FRANCISCO.

SAN FRANCISCO, Sept. 5.—Forty thousand men marched here today in the first Labor Day parade held since the recent affiliation of the Labor Council and the Building Trades Council. Grand Marshal John A. Kelly, president of the Labor Council and a member of the board of supervisors, led the host of union men. Besides the squad of marchers, number of floats lent color to the parade. A novel feature of the procession were the attractive divisions composed of women.

There were 107 unions in line with twenty bands and as many drum corps.

The line of march was well guarded by the police and the parade was not broken from this time it started until it disbanded shortly after noon at the Ferry. After disbanding the paraders embarked for Shell Mound park, where the remainder of the day was spent in various picnic recreations.

The only serious note to the afternoon celebration was provided by a number of candidates for state offices at the coming election, who were present to address the unionists.

DAY AT SEATTLE.

SEATTLE, Wash., Sept. 5. — Eight thousand men and women took part in Seattle's Labor Day parade. Rev. Herbert S. Bigelow of Chicago was orator of the day at a picnic in Fortuna park.

NEW YORK, Sept. 5.—The Labor Day parade here brought out more union marchers this year than have ever been seen on Fifth avenue. Conspicuous among them were 3,100 women, most of them garment workers wearing blue and yellow liberty sashes. The leaders estimated that there were 71,000 in line.

MITCHELL SPEAKS

TERRE HAUTE, Ind., Sept. 5 John Mitchell, former president of the United Mine Workers, in a Labor Day address here today spoke in favor of better laws for the protection of workingmen.

"A well known writer," said Mitchell, "asserts that 500,000 workmen are killed or maimed annually in the United States.

"That means that more lives are sacrificed and more workingmen are injured each year in the peaceful conduct of our industries than were sacrificed in any one year during the Civil War."

MAYOR IN LABOR PARADE.

MILWAUKEE, Wis., Sept. 5.—The feature of Milwaukee and Labor Day parade was the marching at the head of the column of Milwaukee's Socialist-Democratic mayor, Emil Seidel, the mayor's supporters in the common council and the Socialist-Democratic members of the county board. Five thousand marchers were in line.

LABOR AT STOCKTON.

STOCKTON, Sept. 5.—Labor Day was celebrated in Stockton by the largest procession of organized labor which ever marched through the Stockton streets. There were numerous fine floats, and fully 200 members of the local unions marched. Forty-four unions were represented. Following the parade there were games and contests at Oak park. Hon. Frank T. McGowan of San Francisco delivered the oration. Tonight there will be a dance in the Oak Park pavilion.

SAN DIEGO'S PARADE.

SAN DIEGO, Cal., Sept. 5.—More than 2000 members of organized labor in San Diego were in the big parade which took place at 9 o'clock this morning and a seaside resort at Coronado was crowded with labor men and their families this afternoon to witness the athletic contests.

The parade and athletes are the first to be held by organized labor in San Diego for about three years and the showing of the strength of the different unions in this city was surprising. There was no disorder, although it was feared previous to the parade because of the presence of a big number of the members of the Industrial Workers of the World in this city.

BLEACHERS COLLAPSE; ONE BOY IS KILLED

BOSTON, Sept. 5.—The collapse here during an amateur baseball game of an old bleacher stand carried down more than 200 persons, including many women and girls.

One boy was killed and four were injured. Morris Sweet, 11 years of age of Roxbury, died a few minutes after reaching the hospital.

YOU ARE A "LIAR" SOCIALIST TELLS ROOSEVELT AT FARGO

Says People of United States Are Paying for Trip, Not the Outlook.

LABOR DAY ADDRESS

Large Crowd Listens to ex-President in Spite of the Rain.

FARGO, N. D., Sept. 5.—A man who fought his way to ex-President Roosevelt and called him a liar gave a bad scare today to the crowd at Island Park in this city. Colonel Roosevelt helped to eject him from the platform.

The Colonel had just finished his Labor Day address, which was delivered to one of the largest crowds he has met on his Western trip. A heavy rain storm which came up shortly before the Colonel began to speak drenched the people, but most of them sat through the afternoon in their wet clothes to hear him.

As he spoke the last sentence of his speech, the crowd cheered and there was a rush for the speaker's stand by thousands who sought to get near enough to see Colonel Roosevelt at short range and to shake his hand.

Those on the platform pressed around the stand and in a moment it was closed in by a surging and struggling mass of men and women. Some of the holder persons in the crowd mounted the steps that led to the speaker's stand, and rushed to Colonel Roosevelt's side. A small, poorly dressed man pushed his way through the mass of people until he could make himself heard by the Colonel. He wore a battered hat and was unshaven.

"I have a question to ask you, Colonel Roosevelt," he shouted.

The men and women on the stand grew silent; Colonel Roosevelt turned and faced him. Waving one hand, the man shouted:

"I want to know who is paying the expenses of this trip of yours about the country."

ROOSEVELT ANGRY.

The question angered Colonel Roosevelt, and his face showed it. He advanced a step toward his interrogator and shot back his answer.

"I consider that to be an impertinent question," he said. "However, I have no objection to telling you."

He added that the expenses of the party were being paid by the magazine of which he is one of the editors.

"You lie," the man shouted so loudly that hundreds of persons in the crowd could hear him. As he spoke the words, Colonel Roosevelt stepped forward quickly and seized his arm just above the elbow. He explained later that he did not know who the man was or what his intentions were and that he had taken hold of his arm as a measure of self-protection.

His vigorous action did not deter the man from finishing what he had to say. He shouted out:

"Your expenses are being paid by the people of the United States."

DISAPPEARS IN CROWD.

Although Colonel Roosevelt was the first to act, others ran quickly to assist him and even before the man had finished his remarks two men seized him. The Colonel did not release his grip until the stranger was moving rapidly from the stand. He was ejected from the platform and swallowed up in the excited crowd.

An effort was made to find the man but all traces of him were lost. No one of them who had seen him knew who he was. Colonel Roosevelt said that he was not at all alarmed at what had happened. He merely caught hold of the man to guard against the possibility of any sudden move, he said.

The man was later arrested and charged with disorderly conduct. He said his name was John Martin, his occupation a painter and his residence in Fargo.

COMMENDS A JUDGE.

FARGO, N. D., Sept. 5.—In an address here today before a great Labor Day crowd in which were hundreds of members of trade unions, Theodore Roosevelt spoke words of warm commendation of the federal judge who was presiding and had introduced him, because the judge, by what he had said, had shown himself to be in sympathy with the laboring man. He referred to Judge C. F. Amidon of the district of North Dakota, and his remarks were applauded vigorously by the crowd.

Fargo's Labor Day celebration was almost spoiled by rain, which fell intermittently throughout the day.

In introducing Colonel Roosevelt, Judge Amidon said that the people assembled there should not forget that, above all, the occasion was one for the laboring men, who were holding their annual celebration. Suggesting that laboring men suffer wrongs that might be reached by legislation, Judge Amidon called especial attention to the failure of Congress to enact a law providing for compensation for laboring men when injured, or for their families in the event of their death. Every government of Europe, with the exception of Turkey, he said, had enacted such laws, eliminating from the question of compensation all matters of negligence on the part of either the employes or the employer, and fixing a definite amount to which the employer should be entitled.

SEES NEW CONDITIONS.

When Colonel Roosevelt reached that part of his speech in which he advocated a workingman's compensation act, he turned to Judge Amidon and said:

"I cannot help saying just one word as to how I have been delighted this afternoon to hear utterances from a federal judge who looks ahead, from a federal judge who not only stands for honesty and righteousness in the conventional forms in which judges have been accustomed to see them for generations, but who stands facing the

(Continued on Page 2.)

STATES' RIGHTS VS. NATION'S AT ST. PAUL

Stubbs of Kansas Says Monument Should Be Erected to Roosevelt and Pinchot as the Original Conservators of Natural Wealth.

PRESIDENT TAFT SAYS ADVOCATES OF CONSERVATION SHOULD BE SPECIFIC

MINNEAPOLIS, Sept. 5. — After speaking at the conservation congress in St. Paul this morning and at the Minnesota state fair grounds outside this city this afternoon, President Taft left for Beverly tonight by way of Chicago.

In his conservation address, the President won a quick response from his thousands of hearers by an appeal to practical common sense in dealing with conservation problems.

In the opinion of many who heard him, he also made answer to the recent agitation for a "new nationalism," or a federal concentration of power, by declaring that the only safe course to pursue was to hold fast to the limitations of the constitution and to regard as sacred the power of the states.

Taft, amid applause, made frequent reference to the services of Theodore Roosevelt in the cause of conservation. He declared that the time for glittering generalities had passed. He suggested to the congress that it should invite its speakers to come down to details, to specify evils and to specify remedies.

These sentiments by the President seemed to receive the approval of nearly all his hearers. They came near the end of a long, detailed and exhausted discussion of conservation and he ended his speech with the audience on its feet.

TOOK NO SIDES.

Taft did not attempt to solve the problem of water power site control, as between the states and the general government, but after stating the arguments advanced on both sides of the subject, he said he would submit the whole matter to the federal congress for determination.

At the fair grounds the President delivered a Labor Day address, the most notable utterance of which was a statement that he knew of no intention on the part of the government to prosecute labor leaders under the anti-trust law. At the same time the President said he did not believe labor organizations should be exempted from such prosecution by specific statute.

He declared that such a provision of law would smack of class legislation.

He did not believe labor unions desired or needed class legislation, and said he counted on their help in preventing such legislation.

DEMONSTRATIVE WELCOME.

The President received a demonstrative, but not an uproarious welcome in St. Paul. The streets were lined from the depot to the reviewing stand where Taft witnessed the passing of the Labor Day parade. At the conservation congress the President was welcomed with prolonged cheering. After luncheon in St. Paul he rode by automobile to the state fair grounds and received a tumultuous greeting from a throng which filled the grand stand and overflowed into the race track and infield.

On the way to the Minneapolis fair grounds the President was greeted noisily along the way. He dined at a hotel here this evening informally and then was driven direct to his train.

WOULD KICK OUT BALLINGER.

ST. PAUL, Sept. 5.—The immense crowd that heard President Taft deliver one of the best speeches of his career before the conservation congress here today missed hearing some very pointed remarks in the afternoon, delivered by Governor Stubbs of Kansas.

The Kansan at this point smiled as if amused at his own heat, and said more calmly:

"I didn't come here to make a speech. I kind of forgot myself. My intention was to introduce Governor Vessey of South Dakota."

The introduction was then made.

MEAGER ATTENDANCE.

The auditorium, which seats 10,000 persons, was filled to hear President Taft, but the attendance at the afternoon session was meager to a distressing degree.

By actual count there was 244 men and 101 women present. This was partly due to the fact that the greater part of the crowd followed the President to the state fair grounds and partly to the wording of the program. The program scheduled a "conference of governors" and addresses by them. Most people took the word "conference" to mean that the governors would meet privately and make speeches to themselves.

When the meeting was over, Governor Hay walked down the aisle with Stubbs.

"I want to say, Governor Stubbs, that you're no whiter man than Richard A. Ballinger," observed the Washington leader. To this Stubbs made no reply, and Land Commissioner Rose, also of Washington, joined Hay.

"I want to add," said Rose, "that Mr. Ballinger is as white a man as Roosevelt ever had in his cabinet; that's what we think of Mr. Ballinger out in Washington."

"I said what I thought about Ballinger and I'll say what I please about him," answered Governor Stubbs.

DENEEN FOR NATION.

Other governors present were Deneen of Illinois, Brooks of Wyoming and Noel of Mississippi.

Governor Deneen came out for national control, and in doing so, briefly referred to the scandals that have arisen concerning legislation.

"We have a legislature in Illinois that has held both regular and irregular sessions. At present it is conducting an investigation of charges that bribery existed."

This sally was greeted by laughter.

"Governor Norris says that the Montana legislature can be trusted," added Deneen. "I'm sorry I cannot say that about ours."

He said that the legislature had failed to enact legislation to give the state the benefit of the water power development by the drainage canal.

"STATE" RESOLUTIONS.

Governor Brooks read the following resolutions, which he said were adopted at the meeting of Western governors at Salt Lake City, and which, he said, express their conservation views:

"First—That in legislatively solving the problems of conservation, the national congress adhere to the doctrine of Abraham Lincoln, that the public lands are an impermanent national possession held in trust for the maturing states.

"Second—That state government, no less beneficiently than national government, is capable of devising and administering laws for the conservation of public property and that the national and state governments should legislatively co-ordinate to the end that within a reasonable period of time the state governments be conceded the full and complete administration of such conservation laws as may be found adaptable to the varying conditions of the several states.

"Third—That the experience of the conservation states demonstrates that disposition of public property as made under existing national conservation laws and regulations have tended to intrench monopolies and interests, menacing the common welfare; and that modifications of such laws and regulations should be promoted by the conservation congress.

ELIMINATIONS.

"Fourth—That the elimination from the national forest reserve of all homestead and untimbered grazing lands is immediately expdient.

"Fifth—That use and control of all water power inheres of right to the states, with perpetual freedom from monopoly.

"Sixth—That the privilege of American citizens to seek and develop mineral wealth wherever it may be found should be amplified and secured by laws.

"Seventh—That the idea of deriving federal revenues from the physical resources of the states is repugnant to that just and constitutional powers which guarantee the perpetuity of the Union."

Governor Hay pleaded for state control. He declared that there was just as much reason for Secretary Wilson to come out to Washington and harvest their crops as to expect the federal government to attend to the state's natural resources.

"If the states are not able to control the corporations," said he, "they might as well go back to territorial days and be done with it.

"President Taft in his address this afternoon expressed our ideas better than I can. Also, I might remark that the states which are strongest for national control are those states whose resources have been disposed of long ago.

TREES AS FIRE TRAPS.

"A tree is like a human being. It has its maturity and its old age. It should be utilized at its maturity rather than to be allowed to die and become a fire trap—a source of danger to the mature timber about it."

Addresses of welcome by Governor Eberhardt and Mayor Keller and the invocation by Archbishop Ireland marked the beginning of the congress. President Taft reached the platform from a rear door. As he climbed the steps to the platform the crowd broke into cheers as his head became visible.

Tomorrow's program is headed by an address by Theodore Roosevelt, and includes addresses by Francis J. Heney of California, President Fowler of the National Irrigation Congress and former Governor Pardee of California.

LETTER FROM CARDINAL.

The following telegram from Cardinal Gibbons was read:

"In reply to your letter of August 30, allow me to say how earnestly I pray that the congress every success in its

(Continued from Page 1.)

"YOU ARE A LIAR" SOCIALIST TELLS ROOSEVELT AT FARGO

(Continued from Page 1.)

changing conditions and realizing that the constitution of the United States must be administered if it is to be administered wisely by men who know the needs of the wage earners, just as they sympathize with and understand the needs of all other American citizens."

Roosevelt day brought thousands of persons into Fargo in spite of the rain, although many others who had planned to come in by wagon or automobile gave it up when the rain began early in the day.

When Colonel Roosevelt reached the park he found waiting for him a throng which filled the platform and crowded the rising ground on every side. Behind him there fluttered an old tattered flag, under which he delivered an oration on the Fourth of July thirty years ago at Medora, N. D.

TALKS IN THE RAIN.

When it began to rain the colonel looked out over the crowd at the summer hats and dresses which were being soaked and left the stand. He went out among the crowd and told the women to go up under cover on the stand. When he had filled the stand with women he sauntered through the crowd, heedless of the rain, shaking hands and talking with the people.

After the shower the exercises of the day were resumed. Only a small part of the crowd was driven away by the rain. Women with bedraggled hats and dripping dresses sat out the afternoon.

In his speech, the colonel made it clear that he did not wish to give blanket endorsement to everything done by labor unions, although he said he believed them to be a necessity and he thoroughly approved of them.

EUCHARISTS CONGRESS TO MEET IN MONTREAL

Father Vaughan of London Criticises Protestantism in Sermon.

MONTREAL, Quebec, Sept. 4.—At all the churches today prayers were offered for the success of the eucharistic congress, which will open on Tuesday night at St. James' Cathedral with the solemn reception of the cardinal legate, Vincent Vannutelli.

All the churches were packed this morning, but particular interest centered in St. James Cathedral, where the legate said a low mass; Notre Dame, where the famous French preacher, Bishop Touchet, presided, and St. Patrick's, where Cardinal Logue presided and where the preacher of the day was Father Vaughan of London.

The announcement that this Jesuit was to preach brought a vast congregation to St. Patrick's. His subject was "Sacrifice, the Soul of Religion," and his contention was there could be no religion without sacrifice. He said that Protestantism in England, "which had invented a would-be religion without a sacrifice," was gradually returning to the fold from which its founders withdrew. In closing, he added:

"In the opening of my discourse I reminded you that it was the so-called genius of Protestantism to invent in the sixteenth century, the active and energetic and zealous party among Protestants— the high church party—has discovered the fatal mistake that was made by the would-be reformers of a past generation. Instead of calling—with those gone by—the mass a blasphemous fable and dangerous deceit, those high Anglicans declare the mass to be a true, proper and propitiatory sacrifice, which is the very soul of religion.

"In a word, the Protestantism of today is dividing itself into two sections in England. There is a section influenced by rationalism and a section believing in revelation and authority. The former is sweeping down to agnosticism, while the latter party is creeping up to Catholicism.

ITALIANS FEAR POPE WILL SELL PICTURES

ROME, Sept. 5.—The supreme court has rendered a judgment affirming the right of the Holy See to sell property without authorization from the court. The decision has created a sensation in art circles. It is feared that art treasures are to be sold and it is proposed to introduce a bill in parliament prohibiting the Holy See from disposing of pictures.

ASSASSINS FAILED TO SECURE MONEY

HUDSON, N. Y., Sept. 5.—The men who murdered Denton Fowler, paymaster of the Atlas Brick Company and George Ragsdale, his negro driver, yesterday, never got one cent from their holdup and robbery. The satchel in which $5000 had been sorted and ticketed to pay off employes at the brick yard, was found intact today a few hundred yards from the brick yard, hidden under a clump of bushes.

It is believed the murder was committed by foreign laborers.

CHINESE STUDENTS ARE EN ROUTE TO AMERICA

HONOLULU, Sept. 5.—Sixty-eight Chinese students arrived here this morning on the steamer China. They are on their way to San Francisco to enter various American universities. The students are part of the body of several hundred sent out by the Chinese government with the Boxer indemnity money.

IT SHARPENS the appetite, improves digestion, and restores health and vigor; all the organs of the body are roused to healthy action by Dr. Pierce's Golden Medical Discovery. More than all, the liver—and that's the key to the whole system. You have pure blood or poisonous blood, just as your liver chooses. The blood controls the health, the liver controls the blood, the "Discovery" controls the liver.

You can escape just about half the ills that flesh is heir to, by being ready for them. Brace the system up with this medicine, which *prevents* as well as *cures*. For all diseases caused by a disordered liver or impure blood—dyspepsia, biliousness, the most stubborn skin, scalp and scrofulous affections, the "Discovery" is the most potent remedy.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

Pills are wrong
—so is every harsh cathartic. They callous the bowels so you must increase the dose. Candy Cascarets bring natural action. They never gripe nor injure. One tablet, taken when you need it, always remains enough.

Vest-pocket box, 10 cents—at drug stores. People now use a million boxes monthly.

HERE IS A REMEDY THAT WILL CURE ECZEMA

"WE PROVE IT."

Why waste time and money experimenting with greasy salves and lotions, trying to drive the eczema germ from underneath the skin, when the San Joaquin Drug Company guarantees ZEMO, a clean liquid preparation for external use to rid the skin of the germ life that causes the trouble? One application will relieve the itching and often times a bottle is sufficient to cure a minor case of eczema.

In over 2000 towns and cities in America, the leading druggist has the agency for ZEMO and he will tell you of the marvelous cures made by this clean, simple treatment. ZEMO is recognized as the cleanest and most popular treatment for eczema, pimples, dandruff and all other forms of skin or scalp affections whether on infant or grown person. Will you try a bottle on our recommendation? San Joaquin Drug Company.

AERONAUT NEARLY SWEPT OUT TO SEA

ATLANTIC, Mass., Sept. 5.—Cromwell Dixon, the dirigible aeronaut, had a narrow escape from being driven out to sea in his airship today when his engine failed to work as he was 500 feet in the air over the Harvard aviation field.

Dickson went up at noon, when a strong wind was blowing, to test his engine. It failed him when he was too high up to use his anchor, but by crawling to the extreme forward part of the airship he was able so to dip the craft that eventually the anchor rope dropped within reach of those below and he was pulled down safely.

AMERICAN TARIFF REGULATION BAD

Declare European Exporters Upon Receipt of the Customs Circular.

PARIS, Sept. 5.—Press dispatches received here from Washington attributing the storm of dissatisfaction raised in Europe over the new American customs sample regulations to the belief that the circular requires the delivery of samples at every port of entry in the United States is pronounced based on error by American foreign exporters.

They declare that the objections are due to the inherent nature of the circular itself, the impossibility of compliance by shippers whose shipments continue throughout the season and the hardships of trying to enforce the new regulations in the midst of the summer season. It is pointed out that some invoices contain as high as 400 different articles.

The draft of the original circular which was cabled to American Consul Griffith at London on July 7th, which were distributed on the continent for immediate enforcement, caused instant complications as the circular provided for the use of the English weights and measures. This feature, however, was modified subsequently to permit the use of the metric system.

The American regulations against which the French and English export textile firms are protesting, require these exporters to deposit at the nearest American consulate two specimens of all classes of their goods, except laces and embroidery, which are intended for shipment to the United States.

FAMILY SLAUGHTERED BY BLACK HAND SOCIETY

Revolting Murder of Seven Is Discovered in an Italian Village.

REGGIO, Italy, Sept. 5. To the vengeance of the Black Hand society in New York is ascribed the revolting murder early today of Policeman Rovollino, his wife and five children in the little village of Hellaro, which lies eight miles south of Reggio, on the Strait of Messina.

At 2 o'clock this morning some of the townspeople of Hellaro were awakened by the terrified shrieks of a child and rushing to the cottage occupied by the Rovollno family, found the 3 year old daughter of the policeman with her throat cut before the open door of her home, screaming piteously.

Tenderly picking up the little child, the visitor gt-cpn3B Nt-r'y rud HINN the villagers carried her inside the house where they were horrified to find the other members of her family lying dead, all having been terribly mutilated by blows from an ax.

REDS VICTORIOUS IN A MIMIC BATTLE

JUNCTION CITY, Kan., Sept. 5.—This was the banner day of the army maneuvers at Fort Riley.

In the presence of Robert Shaw Oliver, assistant secretary of war, and his staff, the "red" and "blue" forces engaged in a battle. The entire command at the camp, with the exception of the Missouri national guards, participated in the engagement. A pontoon bridge was thrown across the Kansas river early in the day and the "blues" marched across it, taking the "reds" on the left side of the street. In the pitched battle that followed, rifles, pistols, field and machine guns were used. The "reds" were victorious.

GROUND UNDER RAILROAD CAR.

ROCKFORD, Ill., Sept. 5.—In the presence of her father, John McLee, a contractor, Jennie McLee today was tossed from an automobile against a locomotive and thence under a railroad car, where she was ground to death. The father tonight is in a delirious condition as a result of the tragedy.

$200,000 FROM ALASKA.

SEATTLE, Sept. 5.—The steamship Cottage City, which arrived from Skagway, Alaska, today, brought $200,000 in gold from the Fairbanks mining district. The Cottage City also brought 4000 cases of salmon from southeastern Alaska.

SOLD BY ALL LEADING DRUGGISTS
ONE SIZE ONLY, REGULAR PRICE 50¢ A BOTTLE

HIGH MEAT PRICES AROUSE GERMANS

Demonstrations Are Made Against Restriction of Importations.

COLOGNE, Sept. 5.—A strong movement in protest against the high prices of meat has begun in many German cities and especially in the western part of the country.

A number of meetings held yesterday and today brought out a sharp arraignment of the government's policy in restricting the importation of live stock and the maintenance of high meat and animal duties in the interest of farmers.

A number of Saxon municipalities appealed to the government to use its influence in the federal council for the reopening of the frontiers to cattle meat. The Saxon government in reply to the appeal says that no relief would be possible through a reduction in duties or the opening of frontiers as prices have risen equally in Austria and other countries, and that although the laws allow the importation of 80,000 hogs from Austria yearly, only 350 were imported the first half of this year.

GAYNOR WOULD RUN FOR GOVERNORSHIP

NEW YORK, Sept. 5.—Mayor Gaynor will not be an active candidate for the Democratic nomination for governor of this state, but the New York Times will say tomorrow on the alleged authority of several of his close and personal and political friends that he is a receptive candidate. The mayor is said to have reached a decision that if there is a strong popular call for him he will accept the nomination. He will reverse this attitude only if his health is so enfeebled that it would be dangerous for him to undertake a campaign.

FRANCE TO HAVE AIR FLEET OF SIXTY

PARIS, Sept. 5.—A ministery of war ordered today the purchase of ten military monoplanes and twenty biplanes within the next three months. This will give the French an aerial flotilla of sixty by the end of the year.

The army's aeroplanes to be acquired in 1911 must be capable of carrying a weight of 300 kilograms, approximately 661 pounds, in a continuance flight of 200 kilometers or about 186 miles, at a minimum speed of sixty kilometers (37.26 miles) an hour. The ministery offers a premium of $20,000 for a machine fulfilling these conditions.

The President has offered a cup as the trophy for the construction of the French machine which wins the most honors at the Bordeaux aviation meeting on September 11.

FIRE FIGHTERS HAVE NARROW ESCAPES

SANTA BARBARA, Cal., Sept. 5.—Charles Omtiveras, a rancher, after passing through a furnace of flames in a forest fire in Lion canyon, forty miles north of here last week, emerged barely alive, but will live. A tale of an heroic fight of five rangers and twenty-three volunteers from Los Olivos was brought here by rangers today.

Ranger John Libeus and Elmer Fields of Los Olivos also narrowly escaped death in flames during the ten days' battle. The fire was declared out today. During one night, twenty-eight men equipped with shovels, rakes and hoes, built a fire-break sixty feet wide over three and a half miles long, by that means surrounding the fire and extinguishing it. Over three thousand acres of the mountains were burned over. The fire probably was started by campers.

ENGINEER KILLED IN AN ILLINOIS WRECK

SCALES MOUND, Ill., Sept. 5.—Passenger train No. 5, west bound on the Illinois Central railroad, left the track a half mile east of Council Hill station today and crashed into the rock bound side of the track, smashing the engine, throwing four coaches from the track, demolishing the mail and baggage cars.

Engineer Frank Tucker was killed and many passengers received severe injuries.

The cause of the accident was a broken brake shoe dropping on the rail and throwing the tender from the track, derailing the balance of the train.

PRIZES AWARDED GERMAN SINGERS

SAN FRANCISCO, Sept. 5.—The Turnverein Germania of Los Angeles was awarded the $10,000 gold cup given by Kaiser Wilhelm of Germany for the best singing in the Pacific Saengerfest, which held its first festival of song in this city for three days last week. The award was made tonight by the judges at the Greek theater in Berkeley. The Franz Joseph cup, given by the emperor of Austria, was won by the Turnverein Harmonie of Sacramento.

A. Busche of Philadelphia, was given the gold medal as the best composer, and Theodore Vogt of Oakland, was awarded the silver medal.

German singing societies from all over the country participated in the big saengerfest, the first of the kind held on the Pacific coast. The two cups given by the emperor of Germany and the emperor of Austria, are magnificent prizes.

The Greek theater was crowded tonight when the awards were announced. President Wheeler of the university, made an address of welcome.

GEN. CHAFFEE HAS GRANDSON.

LOS ANGELES, Sept. 5. — Lieut. General Adna A. Chaffee, U. S. A., retired, who resides in this city, was so stated today over the news of the birth of a grandson, Adna R. Chaffee III, that he had the American flag hoistor over his home and celebrated the event in true patriotic style. The grandson was born yesterday in Fort Meyer, Va., the father being Lieut. Adna R. Chaffee, Jr., now stationed there.

STATES' RIGHTS VS. NATION'S AT ST. PAUL

(Continued from Page 1.)

needed work of national conservation.

"It is said that the French and Germans could subsist on what we waste and I fear very much that to a stranger visiting our country it must seem that in 100 years we have consumed more of our natural resources than the nations of Europe have done in all the centuries of their existence.

"But if we have been reckless in the past, wasting like vandals our rich inheritance, it is most consoling and full of promise for the future that with the strong aid of our President, of Col. Roosevelt and of leading citizens from various parts of the country, we may look for wiser use of our forests in the near future.

"And I am more hopeful of a successful congress from the fact that there is no political issue involved in the great subject before it, which might threaten to divide your counsels and breed discontent, but that the sole motive that actuates the congress is to conserve and increase our natural resources and thereby to contribute to the material prosperity of our country.

PATRIMONY OF NATION.

"It is also decidedly my opinion that we should regard our natural resources as the patrimony of the nation, a sacred trust committed to our posterity. By husbanding and using economically the gifts of nature, we shall have abundant supply for our own times and also make suitable provision for the future.

"Mother earth is not only a fruitful mother; she is also a grateful mother and repays her children for every kindness and tenderness we exercise toward her. And there are also instances on record to show that she is relentless when she chastises.

"Did my duties allow, I should gladly take a more active part in the greatly needed conservation labors; however, I hope you will be assured of my entire sympathy and of the hope I confidently entertain of the great benefits coming to us all as the fruit of the devoted labors.

Signed,
"JAMES CARDINAL GIBBONS."

GRAND CIRCUIT MEET POSTPONED ONE DAY

HARTFORD, Conn., Sept. 5.—The grand circuit meet for trotting and pacing horses will be held this week at Charter Oak park, in connection with the Connecticut state fair.

This was to have been the open day for harness events, with the Charter Oak stake of $10,000 for 2:19 trotters the 2:05 pace and Uhlan to beat 2:01 to wagon as the card. The track was rain-soaked and announcement was made of a postponement until tomorrow.

MICROBE ENEMY OF FARMER FOUND

SHEFFIELD, Eng., Sept. 5.—At today's meeting of the British Association, Dr. Russell and Dr. Hutchinson, who has long been experimenting in soil fertility, announced the discovery of the micro-organism which destroys the bacteria essential to the fertility of the soil. A subsequent speaker declared that it was the most important agricultural discovery made in fifty years.

PREACHER'S MISCONDUCT CAUSES HIS EXPULSION

PLATTSBORO, Mo., Sept. 5.—Rev. Clyde Gow, formerly pastor of a Lincoln county Methodist Episcopal church, was dismissed from the church today on charges made against him by Miss Elizabeth Gleason, a school teacher, who died two years ago as the result of an operation. Gow is now under sentence of four years in the penitentiary on the charges made by Miss Gleason.

The minister's case has been under consideration for nearly three years. He was found guilty at a former trial and ordered expelled. He appealed to the general counsel and was given a second trial, which closed today.

OUT OF REFORM SCHOOL; IS MARRIED AT ONCE

SAN DIEGO, Cal., Sept. 5.—Carl Parker, 17 years of age, who was sent to the Whittier reform school a few days ago on a charge of stealing goods from a local store, and Miss Ethel Roth, aged 16 years, guilty of the same offense and placed on probation, were married at a local church yesterday afternoon. Parker was released from the state school at the instance of his father and the parents of the girl. The wedding was immediately arranged and was attended by the judge of the juvenile court and the detectives who worked up the case against the couple. The newly wedded pair will live with the groom's father, B. B. Parker, who is employed as an engineer at Kennet, in Shasta county. They went north today.

EX-CONVICT SHOOTS WITNESS AGAINST HIM

NEW YORK, Sept. 5.—Domenico Scarpia, a Bay Ridge cobbler, just out of Sing Sing prison, where he had served five years for stabbing a woman, walked into a group of Bay Ridge gossips today, shoved them gently aside and then shot the man he wanted, Felipo Crenetto, through the heart. Crenetto's testimony had convicted him and during the trial Scarpia had warned him that he would return from prison to kill him. The police have no clue to his whereabouts.

WIFE OF ORANGE GROWER KILLED IN AUTOMOBILE ACCIDENT

Accident Occurred Near Suisun; Husband Badly Bruised.

Board of Education to Consider Vaccination Order by Health Board.

VISALIA, Sept. 5.—Word received here tells of the accidental death of Mrs. McKean, wife of Eugene McKean, prominent orange grower of Naranjo in this county, which occurred Saturday as the result of an auto accident near Suisun. In the auto were Mr. and Mrs. McKean and a relative, George Hay. The last mentioned jumped and escaped uninjured. Mrs. McKean was thrown out and her skull fractured. She lived about an hour. Mr. Kean was badly cut and bruised, but not seriously hurt.

The McKeans have resided at Naranjo for a number of years and are well known locally. Mr. McKean, who is 66 years of age, recently sold two machines, and purchased a third. It was in the new auto that the accident occurred. The remains of Mrs. McKean were interred yesterday.

The board of education will meet tomorrow night, when the vaccination matter, made a live issue by the state board of health, will be up for discussion. The state board's position is that every pupil must be vaccinated before entering its classes this fall. What degree of enforcement of this the board of education may adopt will probably be determined at this meeting.

The remains of the late R. E. Hyde, retired banker, who died Saturday morning, were taken to San Francisco last night for interment in the Masonic cemetery in that city today. A short service was conducted by Rev. L. A. Wood of the Episcopal church at the residence at 7:30 o'clock last night. Members of the local Masonic lodges acted as pall bearers and formed an escort to the Santa Fe depot. Services were conducted today by Masons in San Francisco.

Senator E. O. Miller has gone to Stockton to attend the session of the Democratic state convention and will go from there to Sacramento to attend the session of the legislature.

Morley Maddox and D. S. Lipshomb have gone to Stockton to attend the session of the state Democratic convention. Mr. Maddox will later go to Sacramento to visit the state fair.

J. F. Gibson is back from an extended trip through the Eastern states and Canadian provinces. He visited, accompanied by his son, Charles Gibson, New York, Boston and other cities and his old home in Maine, returning via Quebec and Toronto and the Canadian Pacific to Seattle. Mrs. Gibson, who has been visiting in San Francisco, accompanied him home from that place.

J. T. Morgan, local merchant, and F. F. Barton left yesterday in the former's auto for Long Beach. They went via Coalinga and the oil fields to the coast and will stop at Santa Barbara and other cities en route. Mrs. Morgan, who has been spending the summer in the southern part of the state, will return with them.

Today was observed in this city as a partial holiday. The court house, land office and other public offices were closed, but the stores remained open.

DEATH ENDS SUFFERING OF DINUBA RESIDENT

Minister Loses Four Horses While Camping in the Mountains.

DINUBA, Sept. 5.—Robert Anderson, well known here, where he has resided for a number of years, passed away yesterday morning after a long illness due to tuberculosis. Deceased was 35 years of age, and leaves a wife and one child to mourn his passing. He has been a sufferer for many months and everything that was possible was done for him in the hope that relief might be found. The funeral was held this morning from the residence of his father-in-law, L. W. Lindley, interment being in the Reedley cemetery.

Mrs. E. F. Conner and little son have returned from their outing spent at Shaver Lake.

I. N. Lindley of Fresno is here.

Rev. W. J. Fenton and John Kelley, the latter of Fresno, have returned from their trip to the mountains, where they have been for two weeks searching for the four horses lost by Mr. Fenton while camping in the range this summer. So far no trace of the animals has been obtained and it is thought their recovery is now very doubtful, although Rev. Fenton has offered a reward for their recovery, and it is hoped someone will find them and bring them to the valley.

Attorney D. M. Edwards and family of Visalia were in Dinuba yesterday, making the trip in their touring car.

Mr. and Mrs. D. Dickey have returned home after an extended trip into Napa and Sonoma counties, where they have been visiting relatives.

Miss Doris Hall is at home for a vacation. She is taking a course in nursing in a Los Angeles hospital and will graduate from the institution next spring.

John Hicks spent yesterday in Reedley, where he visited with his two brothers, who have just returned from a trip to their old home in Tennessee.

The schools of this city will open on next Monday, September 12th, and the teachers are rapidly coming in for the new term. The arrangements for the new manual training department are being completed and the benches have already been completed in the old grammar school building. The tool kits are expected to arrive in a few days. This work is to be conducted by Professor Corrigan under the combined direction of the high and grammar schools.

PORTERVILLE BUSINESS PROPERTY SELLS FOR BIG FIGURE

Fifty Foot Frontage on Main Street Brings Sum of $11,000.

Odd Fellows' Building Association Incorporates to Build Temple.

PORTERVILLE, Sept. 5.—Fifty feet of frontage on Main street sold today for $11,000. The property was sold by Morris Wolff to Fred Ackerman. Mr. Ackerman has stated that as soon as the present leases expire, on June 10th, he will begin the erection of a two and possibly three story building. The lower floor will be for a store, 55 by 127 feet and the upper floor will be for offices.

Articles of incorporation are being drawn for the Odd Fellows' Building Association which is to be incorporated for the sum of $30,000. The purpose is the building of a Temple. Arrangements have already been made for a loan, if half of the cost of the building can be raised.

Excavation work started this morning for the Wilko Mentz block, to be erected on Main street, near Oak, at a cost of $35,000. It will be the finest business building in the city. It is to be of brick and steel construction and will be completed about June 1st.

At 5:30 o'clock this morning fire broke out in a shed in which empty packing cases are stored, in the rear of the White House. Hardly had the alarm finished ringing in at the fire station when the members of the department were at the scene and had two lines of water playing on the fire. Careless disposal of ashes from the Clark hotel is said to have been the cause of the blaze.

Elmer Hart, 14 years of age, was seriously and perhaps fatally injured in a fall from a tree yesterday while on an outing at Miner's Point. Hart was climbing a tall pine tree in a chase after a squirrel. When he had reached a point twenty-five feet from the ground he sat on what he considered a heavy limb. The limb gave way and he fell upon a pile of logs and rock. He suffered a compound fracture of the right wrist, a fracture of the left arm between the wrist and the elbow, a broken right hip, a broken rib on the right side, several of his teeth were knocked out and he is a mass of bruises from head to foot.

He was brought last night to the Mt. Whitney hospital, where his wounds were dressed and where the physicians hold out little hope for his recovery.

It was definitely stated this morning at the office of the Porterville Northeastern railroad that work of grading the road would be let out to contractors. This point has been in doubt for some days and a definite decision was made today. Yardage computation has been completed, segregated in such a manner as to show the amount of rock, soft dirt, composite, etc., and the figures are now available for the contractors. On September 15th bids will be opened. It is stated, however, that if figures do not reach a limit which has been set by the officials, the work may even yet be done by the railroad people themselves.

Mrs. E. H. Dale, 55 years of age, slipped on the dead grass while walking on the road near her Poplar home Sunday evening and suffered a fracture of her right leg immediately above the ankle. On account of her age, the accident is regarded as serious. She lay at the roadside for half an hour before she could attract attention of her people at the house some rods distant. R. Robertson of Lindsay was brought down last night from Camp Nelson, seventeen miles east in the hills, suffering from an acute attack of catarrhal appendicitis and was taken to a local hospital. Robertson's trip to this city was dangerous and must have been extremely painful to him for the first six miles out of the camp. The only way out is a narrow trail which winds along the mountain side barely wide enough to accommodate a pack burro. The trail crosses the Tule river seven times in the six miles. A litter was finally rigged, made by slinging a cot between two long timber saplings and with a burro at each end, the trip was made slowly and laboriously to the Forks, where a carriage was in waiting. It is stated at the hospital that in view of Mr. Robertson's condition he stood the trip remarkably well.

At the meeting of the Tulare County Humane Society today, Secretary Eardley reported to the board of directors that during the month he had investigated and relieved conditions in no less than fifty cases. Of these, thirty cases were reported from Porterville and twenty from Visalia and Tulare. Mr. Eardley was appointed delegate to represent Tulare county at the state gathering to be held late in the month at Pasadena.

NEW SANTA FE APPOINTMENTS.

KANSAS CITY, Sept. 5. A special to the Times from Topeka, Kan., says that news has been received there of the appointment of C. W. Kouns as general manager of the Eastern Grand division of the Atchison, Topeka & Santa Fe railway to succeed the late J. E. Hurley, who died August 16th at Carlsbad.

Fred C. Fox, now general superintendent of the Eastern Grand division, has been promoted to be general manager of the Western division, made vacant by the transfer of Kouns. Both appointments become effective October 1st.

STEAMSHIP OFF ROCKS.

JUNEAU, Alaska, Sept. 5.—The Canadian Pacific steamship Princess May, which grounded on the rocks of Sentinel Island early in the morning of August 5th, was launched from the rocks yesterday and brought to Juneau by the tug Jolliffe today.

"THE EASIEST WAY" NEXT ATTRACTION

Frances Starr to Interpret Woman of Luxury in Eugene Walker's Notable Play.

An event of exceptional interest to local theatergoers is announced to take place at the Barton Opera House, on Tuesday evening, September 13th, when David Belasco will present for the first time here Miss Frances Starr in that much discussed play "The Easiest Way," written by Eugene Walter, who has also contributed to the stage "Paid in Full" and "The Wolf." For over a year "The Easiest Way" was the talk of New York, and is generally accredited with being the one which has made the most pronounced impression of native plays for many years.

In a word, "The Easiest Way" is described as a stage picture of contemporary life and tendency. Laura Murdock, the part played by Miss Starr, is a seemingly strong, yet inherently weak, woman, for whom a life of luxury and ease is the only possible way of existence, and who likewise does not scruple how she attains her desire or by what means she maintains her purpose. Mr. Walter has painted with freedom his portraiture of this new creation of his fancy, but he maintains that the picture is not overdrawn and if his emphasis at times seems severe, he has had to resort to it in order to make his intent apparent to the average theatergoer. While comparatively few stage personages are employed, the action is positively gripping, and Miss Starr's work is little short of marvelous.

David Belasco makes an exceptionally beautiful production of the play, and has surrounded Miss Starr with an unusually capable company, including Joseph Kilgour, Edward H. Robins, John P. Brawn, Louise Randolph and Violet Rand. The seat sale for Miss Starr's engagement will open next Thursday morning at 9 o'clock.

PARLIER NEWS ITEMS

PARLIER, Sept. 5. — For shooting George Traber's dog, a man named Morgan was fined $10 in the justice court. Sebastian Le Grand, charged with killing twenty-five of Mrs. Hendrick's turkeys, will come up for hearing tomorrow. The case of Alex. Willis, charged with stealing chickens, has been postponed to accommodate the attorneys.

Parlier Camp M. W. A. held an enjoyable campfire Saturday night. At the next meeting the lodge will give a Mulligan stew, and a public entertainment is planned for the near future. Ray Love, J. F. Parlier and C. A. Marsh were appointed a committee to arrange for the entertainment and supper.

The Parlier team again defeated Reedley Sunday by a score of 4 to 2.

The Ladies' Aid Society will resume meetings Tuesday, after the summer vacation. The Home Missionary Society will meet at the same time and place.

The recent death of Thomas H. Williams in San Francisco is mourned here, as Mr. Williams was an early settler here and accumulated large property interests here.

E. M. Parlier has returned from a vacation spent at Santa Cruz.

I. N. Parlier and wife have returned from San Francisco, where they spent the summer.

Mrs. J. B. Parlier came home Thursday from her summer vacation at Long Beach.

John Beavers has taken charge of the Parlier hotel.

The Parlier winery is now engaged in crushing.

ROW OVER BICYCLE BOUGHT ON PAYMENTS

Here's a Question With Three Sides, All More or Less Vigorously Presented.

A matter of bicycle ownership brought two irate claimants to police headquarters last night, both urging that the wheel in question be given up immediately in response to their respective claims. The question will be decided at a conference of the principals in the three sided dispute this evening.

Levio D. Raffaello, according to his story, purchased the wheel of J. A. Starkel, a G street dealer, on the installment plan. When he had paid all but the last six dollars his house burned down, and a special arrangement was made, he claims, whereby he could have a longer time for payment. Suddenly the wheel mysteriously disappeared while he was working in a carpenter shop, and he reported it lost. He later obtained the bicycle from police headquarters, where it was brought only to find that Starkel had sold the machine to Pedro Mores on the installment plan. Starkel claims that Raffaello refused to pay the money due.

Mrs. Raffaello, a pretty little Italian woman, appeared with her husband at the headquarters and gave a spirited account of the matter, claiming the dealer had removed the bicycle without any notification or claim for the money. While there was some disposition to criticise Starkel, it was decided that the best plan would be to have Starkel, Raffaello and Mores thresh the matter out between themselves at a meeting. The wheel will be taken to the police headquarters this morning.

COMPLETION OF RAILWAY LINE IS CELEBRATED

STOCKTON, Cal., Sept. 5.—The completion of the Stockton Terminal and Eastern railroad to Linden, the center of a productive belt twelve miles east of Stockton, was celebrated today at Linden by the driving of a silver spike by M. J. Gardner, president of the road. There was an immense throng of people present from Stockton and surrounding towns, and a number of speeches were made. A barbecue was served and games and contests were indulged in. The road is to be continued on to Jenny Lind, about fifteen miles further.

THIEF DETECTED IN GUISE OF WOMAN

NEW YORK, Sept. 5.—Inability to assume a feminine gait at the same time that he donned woman's clothing proved the undoing of a wayfarer from Chicago in Brooklyn today.

Something heavy footed and the walk of an unfamiliar figure in feminine garb seen coming out of a house on Buffalo avenue, the occupants of which are out of town, excited the suspicions of neighbors and one of them started in pursuit. The supposed woman broke into a run and when caught showed a surprisingly masculine ability to fight.

When subdued and taken to a police station the prisoner was seen to be a man wearing a tight fitting [illegible] with two pairs of tightly [illegible] under it and a picture hat. In a bundle which the prisoner carried the police say they found a quantity of women's clothing and a $100 diamond ring.

The prisoner gave his name as Gus Edwards and said he came from Chicago.

SCIENTIFIC FARMING TO BE TAUGHT FARMERS AT HIGH SCHOOL

New Departure Planned by Board of Education This Year.

To Have Night Commercial Classes Later; New Teachers Come.

Plans are under way by the city Board of Education to establish a course of scientific farming for the ranchers of this section. The course will be held in connection with the regular agricultural course to be given the students of Fresno High school this year, but will be adapted to the needs of ranchers particularly who desire to study the latest methods of intensive farming and who want to keep abreast of the times in other branches of their work.

As the ranchers on their own places will have all the practical work they need, the study to be followed at the High school will be largely theoretical. The practical experimentation grounds hence will be eliminated for them in favor of the study of the books issued on new developments in the science of farming.

The details for the course have not been planned. The course, stated City Superintendent of Schools C. L. McLane is largely in response to inquiries from several ambitious young ranchers of this vicinity who have written the department asking if any accommodations were to be made for those now engaged in farming to profit by the information to be given the regular students of the school. Later arrangements will be made and announcements given as in the case of the courses for the ranchers.

NIGHT SCHOOLS LATER

While the question of night schools has not come up for special consideration as yet, Superintendent McLane stated that provision probably would be made for a night school term in the commercial branches. As followed in other cities, this course will have a shorter term, of perhaps four or five months. Bookkeeping, commercial English, and other subjects valuable to young people who have no opportunity to attend the regular day sessions will be taught.

MORE DOMESTIC SCIENCE

The new equipment for the Emerson grammar school to teach the girls of the grammar grades how to cook has been completed. The girls last year were given opportunity there last year to take up needlework, but this year gas ranges and other equipment for teaching them the scientific cooking of substantial dishes have been installed. Miss Lincoln will have general supervision of this work, in addition to similar work in the Washington grammar school and in the High school.

The manual training shops on the High school grounds have been completed and the apparatus for this branch of training is now being moved into the buildings. The shops face on P street.

PEDAGOGUES ARRIVE

Professor George H. Huntsing, who will teach English and Latin in the High school, arrived yesterday. He comes here from the principalship of the Los Banos school, and has been instructor in these subjects in the summer school of the University of California.

Dr. H. W. Slauer, also to be on the High school faculty, made a brief call here yesterday. He is now on the faculty of the University of California and will not come here to stay until next Friday.

FIREMAN INJURED SWINGING ON TRUCK

While trying to board the hook and ladder truck at 7:35 last evening, Harry Dicks, hoseman of Engine No. 2, sustained painful injuries. He slipped as he was about to swing on the truck, and fell. The rear wheel passed over his leg. The ankle was severely sprained and the hip bruised. The injured man was taken to the Burnett sanitarium.

The call came from Box 158, and the fire was at 2121 Monterey avenue, caused by a gasoline explosion. It was extinguished, the damages being only nominal. The house was occupied by M. Tolgian and owned by M. Avdelian.

FILING CABINETS AND SUPPLIES.
Solid and Sectional Yawman & Erbe Manufacturing Company filing cabinets, card index systems, guides, indexes, transfer cases, folders and supplies of all kinds at the Fresno Republican Job Printing Department. Phone Main 220.

SAN FRANCISCO HOTELS

When you go to San Francisco, stop at the

A DISTRESSING CONDITION CURED

How This Los Angeles Woman Was Helped by the Tonic Treatment.

She Used Dr. Williams' Pink Pills When She Needed More Strength and the Pure, Rich Blood Soon Brought Complete Relief.

"I can't begin to tell of the benefit I received from Dr. Williams' Pink Pills," says Mrs. A. K. Hay, of No. 678 East Forty-fifth street, Los Angeles, Cal. "Four or five years ago at the time of life when I needed rest, I became run down through overwork and worry caring for my husband who had been injured. I became so weak and debilitated that I didn't have strength to do my work. I had no ambition to do anything. Food didn't seem to strengthen me. I had distressing pains in the back of the neck and along the spine. I suffered from headaches, was very nervous, couldn't sleep at all, and the least little noise startled me. I was confined to bed for three weeks at a time. I was reduced in weight from 134 to 115 pounds.

"I was under the care of three doctors at different times during my sickness. While taking their medicine I seemed to feel some better but would be as sick as ever when I stopped taking it. The doctors said I would never get well without an operation, but my husband would not consent to it. I had been sick over a year when a friend urged me to try Dr. Williams' Pink Pills. I had tried so many medicines and doctors that I didn't have much faith in the pills but decided to give them a trial. It was only a short time before I began to feel stronger. The headaches and nervousness left me and I was benefited in every way. I gave the pills a good trial and was entirely cured. I weigh more now than I have in a long time."

If you are interested in the remedy that cured Mrs. Hay, write today for our booklet, "Plain Talks to Women." It is free and will be sent postpaid.

Dr. Williams' Pink Pills are always the same and are sold only in packages bearing the well-known trade mark, Dr. Williams' Pink Pills for Pale People." Pills sold in any other package, or loose, by the dozen or hundred are not the same, whatever the clerk tells you. The genuine are sold by all druggists or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

FORMER FRESNAN DROWNED AT NOME

Word has been received in Fresno that Wilbam Banta was accidentally drowned at Nome, Alaska, about August 1st. No details of the accident have been received. Mr. Banta went to Alaska in 1897 and acquired a number of claims, some of which have turned out to be valuable. His father, Fred Banta, for many years a resident of Fresno, is now living in Seattle. He is ill and unable to go to Alaska. Besides his father, young Banta leaves an invalid sister, Mrs. Charles Eayers of Proctor, Vt.

SHIP DISAPPEARS AFTER COLLISION

NEW YORK, Sept. 5.—With her deck swept clear of life boats and rigging and her starboard rail and upper structure raked fore and aft, the Brazilian steamer Tapajoz put into port today, bringing a tale of collision at sea and of the mysterious disappearance of the vessel causing it.

The Tapajoz left New York yesterday bound for Brazilian ports, and when proceeding under a reduced head of steam about thirty-five miles southeast of Scotland Light suddenly came upon a four-masted schooner bearing down on her through the fog.

Immediately after the collision the schooner drifted astern of the Tapajoz and was lost to sight in the fog.

LABOR

With display and with merry-making, not with toil, have we done honor to Labor. Man, in his capacity for accomplishment has been paid homage, both by those who work and those who don't. Even those who should work but avoid it, having wealth through inheritance or guile, join in the fashion and doff the hat and bend the proverbial knee to Labor.

It is unfortunate that there should be any suggestion of class in our public deification of work. We have come so much to prate of labor and capital as opposite terms, that we find it hard to think, sometimes, of labor as an all-pervading necessity, an obligation on every man, a joyful birthrate to everyone who is honest enough to want not to eat that which he has not earned. We think of labor and capital as contrasted because the economists first talked of them so, and in later years the socialists have seized upon the language and given it a new emphasis. But labor is a living, vital force, capital but a dead dross, useful only as a lever by which man moves himself and the world. Labor is greater than capital because and only because it should be co-extensive with humanity.

But while capital is only inert dross except as a tool in th hands of the workman, so is the workman himself but a draft-horse, a double bearer of burdens, a hewer of wood and drawer of water, when not inspired by the soul of the creator. It is herein that the socialist, thinking in the terms of an outgrown economic school, deceives himself. "Abolish profit," he cries. But it is the profit of labor, the profit of capital, that calls them both into existence, and the man who earns the profit, even though it be the profit only of his own hands, makes the world better for his own existence.

Capital used in the hands of other than its owner, earns only interest. Labor, used as is a slave's, unthinkingly at the behest of a master, earns only wages. But man endowed with the soul and the body equally God-given uses his labor and his savings to produce for himself profit.

So let us continue to do honor to labor, the labor that must be employed by all who lift rather than lean in human struggle. Let us dishonor sloth and shiftlessness, physical or mental. In the work of our hands let us rejoice, and be glad that all our fellow men may share in such toil as makes them and us healthier and wealthier, body and mind.

VIOLENCE

Nearly as bitter as the controversies that cause strikes is the dispute that always arises as to who is responsible for the violence that too often attends them. Both sides angrily disclaim any share in the loss of life and property and the cessation of good order.

Both sides may, as a matter of fact feel that violence is a necessary part of the struggle or at least they may realize that it is an inevitable though regrettable part of a labor war. The disclaimers are addressed not to themselves but to that part of the general public which is not engaged in the dispute but is affected by it. The public is the only helpless party to the class struggle. Its business interests are wrecked, its peace disturbed, and yet the disputants deny to the public any right to interfere unless that interference is to their separate benefit.

The public good will is felt to be necessary, however, and this is pleaded for when there is violence. Uncontrollable mobs wreck buildings or traction cars or otherwise break up traffic. Whether the disturbance is started by strikers or strike breakers, or their friends or only by hoodlums that take advantage of the lawless state of affairs to make trouble—these answers are given accordingly as one side or the other seeks to placate public opinion.

The violence that attends a strike is probably caused by both sides and neither is entirely responsible. On the other hand both should count upon it as one strong reason for avoiding labor disputes or for settling them as soon as possible by agreement. Law is the best method of settling misunderstandings, but the law is of nature too slow to be an arbitrator for living busy conditions. Law to be worth anything must be sure, well founded, and show the quality of permanence. Law cannot reach the offenses whose nature appears today and may be gone tomorrow. When law is helpless, men made responsible by the possession of property and other men made mad by the need of struggling to support body and soul, will surely struggle for victory in their separate ways. Property seeks victory by craft, brawn seeks it by main strength. Each may be modified by a respect for law and custom, but each at times will break down, the one by treachery and bribery, the other by violence.

Both must be curbed by the immaterial law, supported by a disinterested public opinion. Each in desperation employs the best means at its command. But no desperate men should be allowed to break up the orderly prosperity of the country.

HAMILTON MAKES FLIGHT AT FAIR

Twenty-six Thousand Attend the State Exposition at Sacramento.

SACRAMENTO, Cal., Sept. 5.—Charles K. Hamilton, the aviator, in the first trial in his new flying machine "Hamiltonian," remained in the air at Agricultural park for one minute and four seconds this morning, covering a distance of possibly a little over two miles, alighting with such speed as to slightly disable the machine. The first official flight was made promptly at noon, proving eminently successful.

Hamilton is most enthusiastic over the possibilities of shattering world's records during his stay here.

Commenting on his trip after the trial flight, Hamilton said:

"That was absolutely the first time the 'Hamiltonian' has ever left the ground, and to say that I feel pleased is putting it lightly. I feel positive that I can cut in two the record made by Curtiss at Rheims last year.

"At the speed attained in this trial flight, I must have negotiated a mile in less than forty seconds and will make a strenuous effort to hang up an official mark of about thirty-five seconds for the mile distance."

Hamilton made another short flight at 1 o'clock, circling the race track twice. His motor failed him when he was some distance in the air and he was forced to descend in the open country. Late this afternoon repairs enabled him to hurdle the stock barns back into the track enclosure, but he abandoned the proposed flight by searchlight tonight. He declares he will have his machine under control by tomorrow.

The wild west performance this afternoon and fireworks display tonight drew immense crowds.

All records for a single day's attendance at the state fair were broken today. During the day and evening about 26000 persons passed through the gates.

Dudley Stephenson, one of the Wyoming bronco busters, had his leg broken this afternoon when a horse he was holding for the saddle reared up and crushed him to the ground.

One of the chief attractions tomorrow—Panama-Pacific Exposition Day—will be a contest between the Wyoming cowmen and thirty of their California rivals.

WRECKED CREW REACHES THE COAST OF WALES

Captain Tells of Terrible Sufferings Endured in Mid-Ocean.

FISHGUARD, Wales, Sept. 5.—The steamer Mauretania arrived here today, having on board Captain Pinkham and fifteen of his crew who were picked up by the Cunarder after they had been at sea in a small boat for six days following the burning of their vessel, the British tramp steamer West Point.

Captain Pinkham said the fire on the West Point started in the engine room on August 27th. The flames drove the engineers from their posts and spread so rapidly that soon the donkey engines operating the pumps were disabled by the heat.

An attempt was made to extinguish the fire by a bucket brigade, but the hopelessness of the effort was quickly apparent and the captain ordered small boats lowered. From the bunkers the flames made their way to the store room and galley and prevented the provisioning of the boats, the intense heat repeatedly driving back the sailors who hoped to secure food sufficient to keep them until they were picked up by a passing vessel.

Though pressed hard by the fire, the crew stood by their ship until Sunday afternoon, when the captain ordered all hands into boats.

NO SUPPLIES SECURED.

Throughout that night, the boats, each carrying sixteen persons, cruised in the vicinity and in the morning another attempt was made to secure much needed stores. The burning craft, which was then sinking, was again boarded, but scarcely anything of consequence was secured. Monday evening the ship foundered. The two small boats last Wednesday drifted apart. The other boatload was picked up by the Leyland line steamer Devonian Friday morning while Captain Pinkham and his companions were rescued by the Mauretania Friday night.

The captain and his men suffered severely and only by dint of hard work saved their boat from sinking. "We suffered horrors," said Captain Pinkham in telling his story. "We were without food or water and were very cold. The men had to bail the boat incessantly to keep it afloat."

TARPEY LEAVES WITH COMMISSION FOR MEXICO

SAN FRANCISCO, Sept. 5. — M. F. Tarpey of Fresno, Colonel George H. Pippy of this city and Manuel Dominguez of Los Angeles, members of the commission recently appointed by Governor James N. Gillett to visit President Diaz of Mexico and present the claims of San Francisco to the right to hold an exposition the year of the opening of the Panama canal, will leave for Mexico tomorrow. They will also confer with the special ambassadors for the various nations who will represent their governments at the Mexican centennial.

TO DISCUSS TELEPHONES.

PARIS, Sept. 5.—Alexander Millerand, minister of public works, posts and telegraphs, opened today the second international congress of telegraph, telephone and technical experts. Several American companies are represented at the gathering. The chief question before the congress is the preferability of the manual over the automatic, or combination, telephone systems.

TO REVISE CONCESSIONS GRANTED BY ZELAYA.

MANAGUA, Nicaragua, Sept. 5.—The Commercio publishes a statement that the United States government has appointed a commission headed by American Consul Moffatt at Bluefields, which is expected in a few days to aid the new Nicaraguan government in revising the concessions which were granted annually by former President Zelaya.

GOMPERS CRITICISES SPIRIT OF COURTS

Says They Are Too Far Removed From Sentiments of the People.

KANSAS CITY, Sept. 5.—Speaking to a crowd of laboring men at a park here today, Samuel Gompers, president of the American Federation of Labor, attacked the courts of the country as being far removed from the people and opposed to labor.

After touching on the case wherein himself, John Mitchell and Frank Morrison received jail sentences and other cases where fines were assessed against laboring men, Gompers said:

"It is all done in the hope of crushing the spirit of labor. These autocrats find there is a moral awakening among the working people of our country. They find that we know our rights and are determined to assert them. Not mere rights than are possessed by any other citizen, but an equal right under this union and constitution and before our God. Working people purpose to have a voice, not only in the affairs of our government, but in the industrial affairs of our people.

"All these decisions we have handed down to us are the devices of men so far removed from the great hubbub of life, from the great movement of the masses, that they do not understand. I cannot accuse any man on the bench of having evil motives. But as for te men occupying the positions in the great judiciary of our country, the higher up they are, the further they are removed from the people."

MORE EXPLOSIVE IS FOUND AT PEORIA

Enough Nitro-Glycerine to Blow Up the Entire Railroad Yard.

PEORIA, Ill., Sept. 5.—The discovery today of a two gallon can of nitro-glycerine with fuse attached, cap adjusted, battery beside it and a small clock to time the explosion, hidden among the steel girders of the new bridge in the East Peoria yards, gave the first clue to the identity of the men who blew up the A. Lucas & Sons' plant and the structural steel in the East Peoria yards on Sunday morning.

This find was made by John Scurry, a former employe of the Peoria and Pekin Union, who with railroad detectives was examining the site of Sunday's explosion. The shot had evidently failed to go off on account of some defect in the little clock which was set to explode at 10:30 p. m. when the other three shots were fired.

The sinister fluid filled the peculiarly shaped can clear up to the top.

The battery was a small dry cell affair of a standard make and the clock of the alarm variety.

The can bore no labels, but that it came from Pittsburg or some other city where immense quantities of high explosives are made and used, is believed, for it is thought that eigh gallons of nitro-glycerine were at hand for the two jobs and that such a quantity of this fluid could not be obtained in the whole state of Illinois.

While the clock may have stopped, there is another theory that the battery may have been just a trifle too weak to fire the terrible shot, which unquestionably would have wrecked the entire railroad yard. The battery bears nothing to indicate where it may have been purchased. Neither does the clock, the fuse or the cap.

Partial descriptions of three strangers, whose appearance in the vicinity of the yard for the last two or three days has not been explained, have been obtained and for these three men search is now being made.

MADRIZ COMMANDER STILL OUT ON LAKE

SAN JUAN DEL SUR, Nicaragua, Sept. 5.—The lake steamer Victoria, which was out of her port when Rivas surrendered, returned yesterday, having on board General Matuty and troops still loyal to the Madriz faction, which are being transferred from Fort San Carlos.

Finding Estrada's men in control here, the vessel refused to come to her wharf, but fired several shots into the town and then withdrew, supposedly with the intention of establishing headquarters on the island of Ometepe.

In view of this incident, the American gun boat Yorktown has delayed sailing for Panama, where it is to coal.

MOTHER AND THREE CHILDREN DROWN

CINCINNATI, Sept. 5.—While returning from a picnic in a rowboat Mrs. W. J. Deimal and her three daughters, Marie, aged 8 years old, and Ethel, 7, and a baby aged 1 year, were drowned tonight in the licking river. The husband and father, W. J. Deimal, with his two sons and the family of Jacob Friebel, consisting of himself, his wife and son, escaped.

The boat was upset by striking a log.

TO INVESTIGATE LORIMER.

CHICAGO, Sept. 5.—The congressional committee appointed to investigate charges that William Lorimer of Illinois obtained his seat in the Senate through illegal means will hold its first session in this city September 20th, according to U. S. Senator Heyburn of Idaho here tonight.

"We were to have met sooner," he declared, "but some of the members wanted the date set forward. I cannot say what the method of procedure will be."

STANFORD FORBIDS HAZING.

PALO ALTO, Cal., Sept. 5.—An edict issued by the faculty of Stanford University today puts an end to all hazing of students in the future. The practice of "tubbing" and all interference with personal liberties are prohibited. The order is issued as a result of the recent clashes between the sophmore and freshmen classes of the college.

WANT BIBLE IN SCHOOLS.

SPOKANE, Sept. 5.—That an amendment be added to the constitution of the State of Washington providing for the daily reading of the Bible in the public schools was the text of a resolution passed by unanimous vote at the closing session of the Columbia River Methodist Episcopal church today. Resolutions also were passed favoring a county unit local option law for Washington and a state wide prohibition law for Idaho.

NEW YORK, Sept. 5.—The "double whirl" at Coney Island broke an axle and collapsed to the ground. Eight persons were seriously injured and two others painfully hurt. None were killed.

SOUTHERN PACIFIC POLITICIANS DON'T GLOAT THE WAY THEY DID TWO YEARS AGO

Do you remember how the "led-horse" papers and the Southern Pacific politicians poked fun at the Lincoln-Roosevelt Republican League when it was first organized two years ago in Oakland? Didn't they haw-haw at it, to be sure? The Lynches and the Burkes and the Parkers and the Hattons and all the rest of the machinists laughed and said that the league couldn't hold together a year. And then when the league went up against the Herrinites two years ago and was beaten in the state convention by as measly a lot delegates as ever took a boss' orders, the machinists poked each other in the ribs and had a great old time. That was when Herrin's state convention sent Judge Melvin and M. H. de Young to the national convention as delegates-at-large. And it was only a few months later another Herrin-controlled convention, packed again with appointed and ballot-box-stuffed delegates, beat the league again and nominated Justice Melvin for the Supreme bench to succeed himself at the expiration of the term to which Governor Gillett had appointed him when McFarland died. Melvin, of course, was elected; but he ran many thousand votes behind his ticket. Herore the election, Melvin was one of the loudest laughers at the Lincoln-Roosevelt Republican League. Like Herrin, he couldn't imagine that the league could amount to anything. But when he ran so far behind his ticket, he thought there was something in the league's protests against Herrin and Herrinism after all. And now that the people have had a whack at things themselves at a direct primary, the machinists, when they thing how easily Hiram Johnson cleaned out Curry, Anderson, Stanton, Ellery and Herrin, don't laugh any more like they used to. Of course, all the Herrinites will fight Johnson at the polls next November. They all swear they will not. But they all swore they would support Estee in the '70's. But they didn't. And the same thing happened when Estee was nominated again in the '90's. All the Herrinites promised to support the Republican nominee, and beat Estee again. The Herrinites don't like Bell, the Democratic nominee for governor. But their dislike for him is less, by a good deal, than their dislike for Johnson. And so, no matter what they say or how they say it, the Herrinites will vote against Johnson and do what they can to bent him next November.—Oakland Enquirer.

PATRICK CALHOUN'S ATTORNEYS NOW SEE THEIR MISTAKES

The reappearance of Calhoun's lawyers in Judge Lawlor's court after luxuriating in San Francisco's county jail while serving sentences for contempt was marked by a respect and a consideration for the dignity of the court quite in contrast to their insulting conduct of three weeks ago.

The three rowdies assumed an attitude of respectful attention before the court and became three graces with manners fit enough for any pink tea function in the upper strata of society.

Here was propriety triply personified. Moore, the chief rowdy, was as defferential as a French dancing master; his son courteous, and Barrett almost Chesterfieldian. The formalities were discharged without a single hostile word.

Such docility argues the recognition at last by Calhoun's retainers of the futility of practicing bulldosing tactics instead of law in Judge Lawlor's court. It took a long time for them to come to know that nothing was to be gained by insults, indignities and demagogy, and the jail sentence seems to have driven it firmly into their understanding.

The misconduct upon which their sentences were predicted was the climax of a long series of unseemly acts and speeches. It was the result of a conspiracy by the lawyers to get themselves jailed and to stir up feeling in the public mind against Judge Lawlor.

For offenses so grievous and so deliberately planned it appeared as if Judge Lawlor should have punished them more severely. But his moderation was the wisest thing, under the circumstances. By treating them dignifiedly and punishing them mildly he pulled the props from beneath their shrewdly worked scheme.

The result was the conspiracy reacted on the conspirators. It fell like a house of cards upon their heads. The sympathy and support they looked for turned to Judge Lawlor instead of them. Their imprisonment was not regarded as martyrdom, as they had hoped, but a deserved punishment.

Calhoun's men committed their first miscalculation in bidding for public favor when they overdid the riot act in Judge Lawlor's court room. And they lived like princes in the county jail.

The fate of this conspiracy proves two things. One is that the American people will not stand for disrespect of their courts or Judges. They may criticise them for some of their foolish decisions but deep down is a feeling that even if they sometimes exasperate us their dignity should be preserved.

The other is that the people resent the idea of a jail being turned into a hotel for rich crooks or lawyer malefactors simply because they can afford it. The people regard the jail as a place of punishment, which it cannot be if some men are allowed to live in it with all the comforts of home. A jail sentence under those circumstances is no punishment at all.—Sacramento Bee.

SCRIPPS PAPERS URGE THEODORE A. BELL TO GET OUT OF THE RACE FOR GOVERNOR OF CALIFORNIA

The following editorial appears in all the Scripps papers (Independent and Democratic) in California. All these papers supported Theodore A. Bell for governor four years ago:

Opportunity rarely raps twice at any man's door. At some men's doors she never raps.

Today she raps, without disguise or uncertainty, at the doors of Theodore Bell, Democratic nominee for governor of California. And she is saying things like these:

"No man understands better than you the awful grip in which corporate greed holds the people of your state. No man has oftener seen 'the machine' grind the honor, the homes, the futures of her citizens to powder. No man can closer estimate the toll pitilessly seized from vineyard, orchard and ranch to feed the tools of 'the ring.' No man knows better than you how special privilege has extortionately taxed the men, women and children of your state. No man has been more eloquent than you in denouncing all these infamies."

"Awake! Take me! I am the great opportunity!"

Will Mr. Bell still lie dreaming of his dubious chance for a governorship? Or,

Will he open the door and seize true greatness e're she flies away forever?

On the one hand, there is a big normal Republican majority that's to be overcome only with the aid of the elements and influences which have repeatedly debased Mr. Bell's own party, as well as the Republican, and which he has vigorously repudiated and execrated, personally and publicly, within the four years past.

On the other hand, he can say this:

To the people and to the Democratic party of California:

I know, as every other sensible Californian knows, that the issue is not between men or parties but between the common people and the privileged "interests" that have so long robbed, betrayed and defrauded them, as often I have told you.

I withdraw as nominee for governor so that a victory which means freedom for Democrats alike may be made certain.

Yours for Men, not Dollars,
THEODORE BELL.

What would it not mean to progress, to California, to the nation, to humanity should such a hero-patriot step forth from the Democracy, at this time, when people all over the world are struggling for the light, striving to shake off the venal shackles of ignorance, recklessness and subservience to oppression!

What would it not mean to Theodore Bell!

One way, an uneasy dream about a seat in the governor's chair, with everlasting oblivion to follow.

The other way, true greatness, immortality in California's history as the man who sacrificed himself for the people, an example of honesty, courage and patriotism.

Opportunity knocks at your door, Mr. Bell. Only those who have seized her fearlessly have ever become truly great.

WILL NOMINATE BALDWIN.

NEW HAVEN, Conn., Sept. 5.—Dean Henry Wade Rogers of the Yale Law School, has sent a message that he will attend the Democratic state convention on Thursday and place the name of Judge Simon E. Baldwin before the delegates as a candidate for governor. The acquiescence of Dean Rogers to the invitation is taken to mean the unanimous nomination of Judge Baldwin as the Democratic standard bearer.

A Watch Question?
Have you ever noticed how a mail bag dropped from a speeding train, topples over and over in its own dust till it brings up with a bang against station platform or post?
Think what would happen to your watch if it was in that bag, and you can form some idea of the treatment that a watch bought by mail receives.
Watch buying by mail is decidedly risky.
Better buy at home here where you can get a timepiece handed over the counter, adjusted properly and all ready to run accurately.

S. S. S. THE REAL CURE FOR SCROFULA
Scrofula is a blood disease manifested usually by an ulceration of the glands. It is almost entirely hereditary in its origin, being the seeds or dregs of some specific blood poison which has been transmitted, in modified form, to the offspring of diseased parentage. Where the blood is specially vitiated Scrofula attacks other portions of the system beside the glands, and we see its effects frequently in weak eyes, poorly developd bodies, running sores and ulcers, skin diseases like scaldhead, catarrhal troubles etc. While the young are the usual sufferers from scrofulous troubles, it is true that it is sometimes held in check until middle life is reached, or passed, and then, as the physical system begins to decline, older persons are attacked by the disease. S. S. S. is the one real and certain cure for Scrofula. It is a blood purifier without an equal and it cures this destructive blood poison by removing the germs from the blood and so enriching and building up the circulation that the disease can not remain. S. S. S. searches out every taint and impurity from the blood; it gives to the blood the richness and power necessary to the healthy growth of children, and it strengthens and invigorates the constitutions of older persons, by its fine tonic effects. S. S. S. is a purely vegetable medicine, perfectly safe for young or old. Scrofula being a blood disease can only be cured by a blood purifier like S. S. S. Book on the blood free to all who write and request it.

LOCAL BRIEFS

Well, you will want
Fresh supplies today.
Call at Hollands'.

Dr. Cockrill has returned.

Golden Glow butter, is best.

Lumber teams wanted. See ad.

Jersey Farm Dairy Co. Main 246.

Ask for Danish Creamery butter.

Kate Parsons, florist, 1316 Fresno St.

Cockrill & Duff, dentists, Paterson Blk.

Dr. Phillips, dentist, Land Co. Bldg.

Dr. G. W. Free has returned from his vacation.

The world moves, so does the Fresno Transfer Co. Main 597.

Cigars sold retail at factory prices at Thrane's, 1931 Kern St.

Dr. Cory, dentist, has returned. Offices 9, 10, 11, 12, over Hollands'.

Dr. Thomas, dentist, has returned. Room 133 Forsyth Bldg. Hours 9 to 5.

Mrs. G. B. Zilgitt wishes to announce her fall millinery opening for Wednesday and Thursday.

Ask your grocer for Gold Nugget Butter, the only Pasteurized creamery butter in the valley.

For rent: A three room unfurnished apartment in Forsyth building, private bath, buffet kitchen, closets, etc. Very convenient, comfortable and attractive. Apply at Noble Bros. Co. office, 116. Tel. Main 4.

The fire department answered a call at 7 o'clock last evening from Box 156 at San Benito and J streets. The blaze proved to be a small fire in a cottage there. The flames were put out with small damage by chemical Engine No. 3.

Mr. and Mrs. Arthur Briggs were badly bruised in an accident yesterday afternoon while returning on a motorcycle from a ride to Mendota. An automobile occupied by members of the Raisin City Gun club, returning from a shoot at the Oxalis grounds, collided with them and threw them violently to the ground.

PERSONAL MENTION

F. R. Hollis returned on Sunday from a three months absence in Michigan, Ohio and Illinois, visiting his home town Alpine, in Michigan, and a sister in Detroit. It was his first visit home in 35 years since coming to California. Mr. Hollis is a former member of the San Francisco police department and for seven years has been here night watchman at the Griffin-Skelley packing house and for nine at Madary's mill.

Miss Kate Parsons and mother have returned from a six weeks' trip to Venice.

William Harvey Sr. returned yesterday from Oakland where he placed the Armenian girl on train for Boston. There she will be taken by missionaries and sent back to Asia Minor.

DIED

KAZANGIAN—Near Lone Star, September 5, 1910, Charles Kazangian, a native of Armenia, aged 38 years. He was a brother of A. Kazangian of Fresno and leaves a family living near Lone Star.

The funeral will be held Wednesday afternoon at 2 o'clock from the First Armenian Presbyterian church.

WEBBER—Near Fresno, September 5, 1910, John Webber, a native of Pennsylvania, aged 85 years.

Funeral notice later.

HOAG—In Oakland, September 5, 1910, Keziah Hoag, wife of the late Aaron Hoag, and mother of Jessie Hoag, Mrs. W. C. Corley, Mrs. Anna Rogers and Mrs. M. J. Adams, a native of Pennsylvania, aged 80 years.

The funeral will take place Wednesday at 11 a. m. from the residence of Mrs. Anna Rogers, 2067 I street.

IN THE LODGE ROOM

RED MEN'S COUNCIL

Pitlachee Tribe of Red Men will tonight confer the adoption degree upon a class of palefaces that have been captured in the forest for which reason the degree team is urged to be in attendance. It will be the first time that the degree will be conferred with the team in the newly purchased regalia. Junior Sagamore Fee will be at the stump in the absence of Sachem Flannagan and Senior Sagamore Jensen.

WOMAN ESCAPES OPERATION

Was Cured by Lydia E. Pinkham's Vegetable Compound

Elwood, Ind.—"Your remedies have cured me and I have only taken six bottles of Lydia E. Pinkham's Vegetable Compound. I was sick three months and could not walk. I suffered all the time. The doctors said I could not get well without an operation, for I could hardly stand the pains in my sides, especially my right one, and down my right leg. I began to feel better when I had taken only one bottle of Compound, but kept on as I was afraid to stop too soon."—Mrs. SADIE MULLEN, 2718 N. B. St., Elwood, Ind.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

UNIONS CELEBRATE LABOR DAY WITH GREAT PARADE

Procession 5 Blocks Long With Two Bands Gets Much Applause.

TWO PRETTY FLOATS

Basket Picnic and Evening Dance Conclude the Big Celebration.

With an imposing parade five blocks long in the morning and varied festivities in the afternoon and evening the labor unions of Fresno yesterday afternoon celebrated Labor Day with one of the most successful programs held here in many years. The street parade, including hundreds of union men, was witnessed by large crowds as it wended through the streets, while the latter part of the day saw Zapp's Park crowded with union men and their families and friends.

The parade was headed by Chief of Police William Shaw and Patrolmen Gastner and Cronkhite, all mounted on spirited horses. Next came Grand Marshal J. M. Dougan, followed by Mayor Rowell and City Trustee Kiette in a large automobile. Next came one of the two bands, both of which were composed of union musicians, all of Fresno. The band in the first division was led by Director Frank Falkenstein, former city trustee and a well known musician of the city.

Directly after the band came the members of the Building and Trades Council. The first division rank and file came just back of the union officers, and their military appearance as they marched in good time through the streets aroused much favorable comment. The locals represented in the first division were the Carpenters' local No. 701, Millmen No. 1496, Plumbers No. 246, Electricians No. 163, Inside Wiremen No. 1, Sheet Metal Workers No. 252, Shinglers, Lathers, Plasterers, Hod Carriers and lastly the Painters, No. 294.

HAVE UNIQUE FLOAT.

One of the interesting features of the second division was the float of the Cooks and Waiters' Union. This was a "working model" of a union establishment, using members of the union. A complete restaurant was shown, with union waiters neatly garbed serving four dainty young ladies dressed in white. The float received applause at many points in the line of march and was one of the hits of the procession.

Another pretty feature of the second division was the float of the Laundry Workers. Dressed in white, many girls from the union rode on a huge wagon.

The second division was led by a union band under the leadership of Conductor J. Wesley Tilton.

Just back of the band came the officers of the Fresno Labor Council, the central organization of the Fresno unions. The regular contingent from the locals was headed by the Retail Clerks, who bore a large American flag. Other unions represented in this division were the Barbers, the Brewery Workers, the Bakery Salesmen, Cooks and Waiters with their float, the Laundry Workers, the Machinists, Engineers, Theatrical Employes, Sewer Workers, and Horse Shoers.

The unions were reviewed by the grand marshal at the end of the march in a stand constructed near the fountain in the courthouse park.

BIG AFTERNOON PICNIC.

In the afternoon the union members and their friends adjourned to Zapp's Park. An interesting program of events was held after all had enjoyed themselves at a basket picnic. Bun eating contests and other unusual races, together with running races provided entertainment for the crowds as well as for the contestants.

One of the most interesting contests was the nail driving contest for ladies. Mrs. Roy Weirick came off with premier honors in this event, after driving four twelve penny nails in fifteen seconds. Her dexterity with the hammer was received with applause.

Another event that was included as a humorous feature but which brought the winner merited applause was a sawing contest, open to all members of the feminine sex. Again the married ladies took the honors, Mrs. A. W. Lyons receiving first place. She performed the difficult feat of sawing off two sections from a plank two by six inches in thirty seconds. In recognition of their skill in the respective contests Mrs. Weirick received a parasol and Mrs. Lyons a cash prize.

Unfortunately the coy maidens of the union men's families could not be persuaded to enter the swimming contest before the large crowd present, and this contest was therefore called off. It seemed for a while that the men's contest might meet a similar fate, but later some contestants appeared. Jack Lawler, a husky representative of the Brewery Workers, won first prize in this event, a handsome hat.

Patrolman George Machen of the police department proved his athletic ability in the fifty-yard race for fat men, by winning that event against Deputy United States Marshal J. P. Coyle and Jack Lawler. For winning the event in seven seconds he received a hat.

The day was concluded with the ninth annual Labor Day ball, in the pavilion at Zapp's park. The building was crowded with a good natured throng and everything was run smoothly. In one of the numbers some outsiders attempted dancing, which aroused criticism, but this was immediately stopped by Secretary Tom Seward in an announcement from the platform. This circumstance, noticed by only a few, was the only unpleasant feature of the evening, and the announcement that any further offense would result in arrest, without any ejection, was greeted with applause.

The committee in charge of the day was composed of W. D. McDonald of the Painters, J. W. Worrell of the Painters, Simons, and T. C. Vickers of the Electrical Workers.

The floor manager of the dance was N. Hawley of the Plumbers' union. His assistants were G. E. Koch of the Sheet Metal Workers, T. [illegible] Seward, secretary of the Federated Trades, R. M. Bailey of the Plumbers and T. C. Vickers of the Electrical Workers.

CHARLES KAZANGIAN DIES, AGED 38 YEARS

Charles Kazangian, a prominent Armenian of Fresno county, died yesterday at his home at Lone Star from complications arising from stomach trouble. While he had been troubled for some time it was not known until a couple of days ago that his illness might result fatally.

Mr. Kazangian for the last few years had been a vineyardist. Formerly he lived in Fresno, and for some time owned a livery stable here. He had been in California for twenty-seven years but was a native of Armenia, having come to this state when a youth. He was married here seven years ago. He was thirty-eight years old.

In addition to his wife and child, residing at Lone Star, the deceased leaves a sister, living in Constantinople, and a brother, A. Kazangian, living in Fresno. The funeral will be held tomorrow afternoon at 2 o'clock from the First Armenian Presbyterian church.

FRESNO MOTORCYCLE CLUB ENJOYS OUTING

Members and Friends Spend Two Days at Firebaugh; Picnic and Dance.

A party of forty of the members and friends of the Fresno Motorcycle Club enjoyed a two-day pleasure trip to Firebaugh and the Poso ranch of the Miller & Lux estate, returning last night.

From the time they left Fresno until they returned, the outing was full of pleasures which were heartily enjoyed by all and many expressed the regret that they were forced to return last night.

The party left Fresno early Sunday morning and went directly to the Firebaugh hotel, where they made their headquarters. During the entire stay they were royally entertained by the Misses Lolnaz, who run the hotel. A big fishing party was organized Sunday afternoon and over 150 pounds of catfish was landed by the party. Miss Bradfish made the biggest catch, hooking a five and a half pound fish.

A delightful dance at the hotel was the feature of the evening and among others were a number of invited guests from Firebaugh.

Early yesterday morning the party went to the Poso ranch, a property of Miller & Lux, and there they were given a hearty reception by George W. Nickel, a grandson of Henry Miller, who is in charge of the ranch. An invitation was also extended by Mr. Nickel for another visit in the near future. During the afternoon the members of the club and their friends picnicked on the San Joaquin river.

When the party arrived in Firebaugh Sunday morning, a delegation met them at the train with broad brimmed straw hats gaily decorated with ribbons. The visitors immediately donned the sombreros and marched through the main street to the Firebaugh hotel.

Those in the party were: Mr. and Mrs. C. Wise, Mr. and Mrs. Archie Caughell, Mr. and Mrs. Bert Caughell, Mr. and Mrs. Bert Parker, Mr. and Mrs. F. Freman, Mr. and Mrs. J. E. Dougherty, Mr. and Mrs. Harry Erickson, Mesdames Gertrude Porter, Georgia Epperson, Misses Maud Adams, Hilda Wise, Violet Brown, Melle Lionaz, Grace Lionaz, Lucile Heiskell, Corinne Lionaz, Lena Smith, Rosilyn Bradfish, Mona McDaniel, Hannah Johanson, Carla Sutton, Laverne McAboy, Messrs. R. H. Darst, George W. Nickel, J. R. Rimmer, Leo Blalkowski, J. E. McClelland, Paul Waltman, Chris Sorensen, C. B. Gaard, Raymond Joncoaltz, A. J. Duncan, William F. Spraker, W. B. Reynolds, R. M. Turner, Theo. Jochansen, P. K. Vecerich, J. S. Bradley, Martin Johansen, M. J. Lauer, Dick Waltman, E. Wrought, Leon Marshall and Sidney Adams.

FIVE NEGROES ARE LYNCHED

ATHENS, Ga., Sept. 5.—An unconfirmed report has been received here to the effect that five negroes were lynched near Carlton, ten miles east of here. It is said that the negroes planned to murder the family of J. W. Huff, a planter, and that a daughter of Huff discovered a negro in her room.

Huff's daughter, according to reports, aroused her father, who detained the negro until neighbors could be summoned by telephone. It is said the negro confessed that he and four others planned to rob the house, assault the women, kill the occupants and then burn the dwelling.

The dispatch says the four other negroes were located immediately and when resisting arrest, were shot down.

KIDNAPED STUDENT RECOVERS REASON

PALO ALTO, Cal., Sept. 5.—After a night spend under the care of doctors and nurses in a local hospital, Paul Foote, the Stanford student, who was kidnaped last Tuesday, robbed and branded on the arm with the figure "10" by four masked men, became rational again today.

The authorities of Palo Alto and the officers of the student body and faculty of Stanford University will conduct a careful investigation into the case.

JOHN WEBBER DIES AT ADVANCED AGE

John Webber, living near Fresno, died yesterday from illness due to old age. He was a native of Pennsylvania and was 85 years old. The date and place of the funeral will be announced later.

Mr. Webber, who was a plumber by trade, was the father of Mrs. Dave Dunbar of this city.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

The woman with tender skin dreads August because it is sure to cover her face with ugly freckles. No matter how thick her veil, the sun will surely make her freckle.

Fortunately for her peace of mind, the recent discovery of a new drug, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine will remove them. Get an ounce package from the Patterson Block Pharmacy and banish the freckles. Money back if it fails.

DINUBA MAY EXHIBIT AT FRESNO COUNTY FAIR IN OCTOBER

Meeting to Be Held Monday Evening to Discuss Proposition.

Citrus Center Invited to Have "Town Exhibit" in Fresno.

The directors of the Fresno county fair yesterday sent an invitation to Dinuba to have an exhibit in the county fair here. The invitation was with the view that Dinuba might have a "town exhibit" in the county fair here, which this year will have much the tone of a district rather than a purely county celebration.

It is believed that Dinuba will contribute a handsome exhibit, as there has been a strong community of interest between the two localities for some time. Fresno at the Citrus Fair held at Dinuba last winter sent down an exhibit, and a trainload of "boosters," and it is believed by the officers here that they will be willing to reciprocate.

B. F. Fly, who has charge of the publicity department of the Fresno fair, visited Dinuba yesterday, and after talking with the editors of the two Dinuba papers, the president and secretary of the Chamber of Commerce, and with prominent citizens, it was agreed that a meeting would be held next Monday evening at the Chamber of Commerce in Dinuba, when several members of the Board of Directors and Mr. Fly will be present to address the meeting and a definite conclusion will be reached.

"I found the sentiment wholly in favor of the idea of Dinuba making a 'town exhibit,'" said Mr. Fly last night on his return from Dinuba, "and I am confident when we hold our meeting with the Dinuba people next Monday night the verdict will be in favor of Fresno. I have no hesitation in saying that on account of the Danish-American Brotherhood convention to be held here, this is the best opportunity we have ever had to show our varied products to every state in the Union, each of which will be represented by the Danish convention. In plain words I consider it the opportunity of a lifetime for the San Joaquin Valley. I may add that already ten towns have agreed to make 'town exhibits.' That spells a whole lot.

"President Warlow and Vice President Dickinson are now in Sacramento attending the state fair. Our secretary, Mr. R. A. Rowell, leaves tonight to join them. They will decide while there whether or not we are to have pyrotechnical displays and aviation stunts, but whether we have these or not you can take my word for it that there will be enough 'doings' every day in the week to keep Fresno and vicinity wide awake.

"The prospects for a first class fair were really never better and on account of Governors' Day, Labor Day and Fraternal Order Day, the coming fair will certainly go down in history as the greatest days Fresno ever knew. The prospects are really and truly most flattering."

POSTPONE MEETING OF NEW REPUBLICAN CLUB

Many Out of Town This Week; Meeting to Be Held Monday Night.

With the Republican state convention in session at San Francisco today, the State Fair in full swing at Sacramento and preparations for the Admission Day festival in San Francisco under rapid headway, a large number of Fresno people have been called out of town and for this reason it has been decided to postpone the meeting of the Young Men's Republican Club, which was to have been held tonight, until next Monday night.

With a large number of people away it was not believed that much could be accomplished tonight and consequently it was deemed advisable yesterday to postpone the first regular meeting of the club until next Monday night, when a full attendance of members and non-members can be secured.

MINOR ARRESTS MADE BY POLICE

A combination of holiday and open saloons proved too much for several bibulous citizens yesterday afternoon and evening. E. C. Mathews was arrested by Patrolman Cronkhite and booked on a charge of drunkenness.

Enrico Lamos was arrested by Patrolman Davis and booked on a charge of disturbing the peace after raising a disturbance in a tamale house near the railroad tracks.

Henry Dermer, serving a ninety day sentence for chicken thieving at Parlier, was taken to the hospital yesterday suffering from an attack of chills and fever.

Mrs. E. J. Anderson of 1317 O street complained to the police yesterday that a neighbor had a horse stabled within twenty feet of her window and that she believed the conditions unsanitary. The matter was referred to the sanitary inspector.

DRUNKEN HOTEL "BARKER" IS SHOT

Fellow Employe Fatally Wounds Man Who Had Threatened Him.

SACRAMENTO, Sept. 5.—Made desperate by the threats of Charles Wolters, a "barker" for the Western Hotel, who had quit his job and had been drinking, Thomas J. Smith, a "booster" for the hotel, shot and fatally wounded Wolters in front of the Western Hotel at 8 o'clock tonight. Smith fired three shots at his victim, the first one taking effect in Wolters' stomach and the other two going wide. Wolters will probably die before morning. Smith was arrested at once and made no attempt to escape or to deny his part in the affair.

According to employes of the hotel, Wolters had been in trouble all day, after leaving the employ of the Western, and Melvin Hatch, bus driver for the hotel, claimed that the man had drawn a revolver and threatened to kill him earlier in the day.

An Output Sale of Blankets

Special Purchase at Prices Unusually Important

While we were not large enough to consume the manufacturer's entire output—we were among the largest purchasers at the recent sales and realized savings that prompt us in selling Blankets of dependable quality at prices seldom quoted in the month of September. MEXICAN PRESIDENT RECEIVES AMBASSADORS

MEXICO CITY, Sept. 5.—President Diaz received today in the hall of ambassadors in the national palace the ambassadors appointed by the governments of the United States, Italy, Germany and China to attend the celebration of the Mexican centennary of independence.

The United States was the first nation to acknowledge the independence of Mexico and the first to establish diplomatic relations with this republic and was accorded the first place in the ceremonies attending the present celebration.

Ex-Governor Curtiss Gould, Jr., of Massachusetts, the American ambassador, was first introduced. He was given the post of honor in the procession of carriages which conveyed the ambassadors from the department of foreign relations to the palace.

Latest News of Oil Fields

LAKEVIEW PRODUCTION IS NOW PRACTICALLY 6,000,000 BBLS.

Big Well Is Still Flowing at Rate of 18,000 Barrels a Day.

Loss in Sumps and Danger of Breaks Causes Much Anxiety.

BAKERSFIELD, Sept. 5.—With a total production of between 5,000,000 and 6,000,000 barrels of oil since its spectacular career began, the Lakeview gusher is still flowing at the rate of 18,000 barrels per day, with 6 or 7 per cent water. The water manifestly comes from near the surface, and it is not believed that the casing is cut to any very great depth.

The amount of oil sent to market via the Producers' Transportation Company's pipe line is estimated at less than 15 per cent of the whole of the gusher's output. The remainder is stored in the great earthen reservoirs on the Maricopa flat or in steel tanks, the latter constituting a very small part.

GUSHER CAUSES TROUBLE.

Besides helping to demoralize the market and causing its owners no end of trouble in their futile efforts to control it, the great gusher has proven less profitable generally than a smaller well under control would have been. The loss in the sumps and earthen reservoirs through seepage and evaporation has been enormous, and there remains the danger of a break in the reservoirs that might send a million or barrels of oil down into Buena Vista lake. This contingency certainly would result in a bill from Miller & Lux and the Kern County Land Company for a fabulous sum for damages in addition to the loss of the oil. The Lakeview has been a wonderfully effective advertisement for the West Side fields and has made rich men of its owners, but for every-day work the 500-barrel pumping well is in better favor with the oil men.

THAT SOUR STOMACH

Can be cured with M. A. C., guaranteed to give entire satisfaction at Smith Bros.' Drug Store.

HOT WEATHER AFFECTS THE SKIN.

Tender skins are bound to be affected by the increased amount of poison in the copious perspiration thrown off during hot weather. Rashes, hives, blotches, pimples, prickly heat result. Often too, serious skin troubles begin this way.

To wash away the poison entirely, to clean and cool the skin, make an application of a simple solution of wintergreen with thymol, known as D. D. D. Prescription. Doctors prescribe this D. D. D. Prescription for eczema. It is sold for the purpose in dollar bottles, but we can give you for 25 cents enough D. D. D. to keep your skin fresh and clean from summer blemishes.

If there is any itch this wintergreen lotion will take it away instantly, the very second it is applied to the skin. We assure you of this for we have seen the result with D. D. D. Monroe Drug Co.

THE STETSON HAT

Is wholy chosen by young and manly men. It gives a nobby effect of style and dignity that favours confidence in the wearer and helps him in a hundred ways.

The Stetson name in every Stetson Hat.

We have the latest Stetson styles in Soft and Derby.

LEWIS E. AUBURY VISITS OIL FIELDS OF KERN AND COALINGA

Preparing to Issue Bulletins and Maps; Will Start Work Later.

State Mineralogist Enters Into Discussion of Oil Conservation.

TAFT, Sept. 5.—Lewis E. Aubury, state mineralogist, was here Friday and Saturday looking over the field preparatory to having the field corps of the state mining bureau come here to secure data on this oil field. The fields will be thoroughly mapped and statistics will be secured for the forthcoming bulletin.

Mr. Aubury stated that this work will not be begun until a little later, as the warm weather is not fitted to the most thorough work. The bureau's four field experts are now in the southern oil district. On completing the work there they will begin here. The Sunset, Midway, McKittrick, Kern River and Coalinga fields will be dealt with as the northern district in one bulletin, which, with the maps, will be the most complete report yet made on the industry.

The entire force, said the mineralogist, will be put on the oil fields work, necessitating the mining industry receiving no attention for the time being. This is required by the extent of the oil fields and the rapidity of development. The plan of keeping one man in the field was tried, but he was unable to keep up with the work.

The bulletin and maps will be issued about the first of the year.

In speaking of the oil situation, Mr. Aubury said that while the present appearance is a little blue, from what he could learn this field is sure to have a great future. He expressed the opinion that the oil men should form a state organization, with branches in the different localities, in order to have united effort in securing needed legislation.

As to conservation, he expressed this belief that this will not be made effective to an extent that will cripple the industry. The stand taken by President Taft and Secretary Ballinger so indicates.

As to the land withdrawals, the state mineralogist said that he thought they would prove to be beneficial in the end. Without them land upon which bona fide locators had entered was in danger of being filed upon by scrippers and under the desert land and homestead acts. With the lands restored to entry under proper laws (and he said the mining laws were entirely inapplicable to oil land locations), Mr. Aubury expressed the belief that the lands will be saved to the oil operators without the handicap of interference by those who might contest such locations under other land acts, and thus extort a species of blackmail.

His visit to the fields of this district, said the visitor, was not in connection with any fraudulent companies. Some supposed to be such are under surveillance in other fields, and when they are found to be so they will be exposed and driven out, and those defrauded will be urged to prosecute them. "We will show them up wherever found," said Mr. Aubury, "and then if the investors are again duped by them, it will be with their eyes open."

OPERATORS ACQUIRING GOVERNMENT LAND NEAR MIDWAY

Unconcerned Over Hostility of Land Office; Are Now Drilling.

Assurances of Protection Said to Have Been Received.

SAN FRANCISCO, Sept. 5. Apparently unconcerned over the evident hostility of the land office, several large operators continue to acquire big tracts of government land in the Buena Vista hills and Elk Ridge country, paralleling the Midway field, adding thousands in development to the millions paid for locators' rights. The Associated Oil Company, in particular, has been active and aggressive along these lines and has acquired by purchase several hundred acres of undeveloped land, which it has undertaken to drill, in the face of the Munzer decision that, if sustained, would forfeit these lands to the government and entail heavy losses to the company.

The natural inference is that no company, acting through its directors, men chosen because of ability and knowledge along certain lines, would undertake such investment unless assured that the rights of the locator would be protected. Secretary Ballinger of the interior department is said to have given it, and President Taft is said to have written letters to at least one man prominent in the oil industry, assuring him that the government has no intention of depriving any one of land which was in the course of development at the time of the passage of the Pickett bill.

Men other than those connected with the Associated Oil Company are known to have taken up the matter with officials of the government, and are believed to have received the same assurances.

J. C. Yancey, who with Theodore Harnsdall and San Francisco interests owns locations on thousands of acres of government petroleum lands, when asked recently concerning the situation immediately after his return from a protracted business trip East, replied: "We are not worrying about that. No man ever lost anything by confiscation by this government, nor ever will."

It is not believed that the administration will make fish of one and fowl of another—that any scheme will be countenanced that would give to the big fellow and withhold from the little one—but that all will be treated alike, probably with this difference, that the burden of proving the status of claims will fall more heavily on the group of individuals than upon corporation of large capital.

There is one vital point, however, on which the land office has ruled adversely, namely, the recognition of the right of locators to transfer claims prior to discovery, or, to put it the other way about, the validity of claims of that sort. No discovery of petroleum has been made on the lands in the Buena Vista hills and Elk ridge, referred to, and as outright sale and purchase have been made, the corporation seeking United States patent must do so as the assignee of the original locator. The situation is interesting, and developments are being watched keenly by locators and operators alike.

MORE MEN WALK OUT IN COALINGA FIELD

Two Crews Working on Tanks of Associated Seeing Grievance, Stop.

COALINGA, Sept. 5.—H. W. Lunsford, general manager of the Western Pipe and Steel Company, came down from San Francisco Saturday morning with two crews of men to work on the tanks at the Associated station No. 1, a short distance from Coalinga. The work on the storage tanks at this station had progressed rapidly until a few days ago, when representatives of the strike in progress in Los Angeles appeared on the scene. They soon pointed out a grievance to the men employed at the tank station, and as a result they all walked out and operations stopped on the construction work.

Superintendent Elliott paid the men off and notified the office at Los Angeles what had taken place at the camp. The delegates from the south stated at the time of the strike that they were going to picket the job and allow no one to go to work, but the crew from San Francisco, in addition to several local laborers, making a crew of seventeen men, went to work on the job Saturday and are still at work.

General Manager Lunceford departed for Los Angeles on the 5:30 train last evening, and before leaving stated that he would return from the south with more men in a few days, and that he expected to experience no trouble from the so-called strikers. He also stated that the fight was centered entirely on his firm and the Llewellyn Iron Works and Lacey Bros., and that, together with these firms work was being carried on in erecting tanks at San Luis Obispo, McKittrick and Santa Margarita, and that thus far no trouble had been experienced at these stations, the fight of the unions being centered at Los Angeles. It is the general belief that the work will go on at the Coalinga station unmolested.

OIL NOTES FROM COALINGA FIELD

COALINGA, Sept. 5.—The Pantheon well No. 1 is down 2510 feet in 8 inch casing and will be cemented off in a few days. No. 2, which is being drilled with a rotary, is 1300 feet deep.

Jack Connon, superintendent of the Barneson interests in this field, has succeeded in pulling nearly all the casing from the old El Cerrito hole. There was pulled 4100 feet of 6 inch, all but 1000 feet of the 10 inch and all of the 8 inch.

MARICOPA NOT MAKING BIG RUN SAYS CLEARY

President of Co. Asserts Well Has Produced 12,000 Bbls. in 2 Months.

Editor Republican:—There appeared in Sunday's issue of your valued paper on page six, column four, under the heading "Maricopa National Doing 1000 Barrels," statements that are both false and misleading and intended to mislead the public and written, without question in my mind, for the sole purpose of aiding a so-called brokerage firm and clients, in unloading a block of the Maricopa National stock secured in the main by spreading or causing to be spread statements intended to lessen the value of the stock, and that having secured a large block of said stock at a low price are now endeavoring by the same methods through the columns of your paper to sell it at a greatly advanced price.

I desire to state, as a matter of information for the general public and the stockholders of the Maricopa National Petroleum Company, that our production of oil for the months of June and July was in round numbers twelve (12,000) barrels for the two months.

I ask that you cause this letter to be published, as it is my desire that all may know that such misleading statements do not emanate from the management of the Maricopa National Petroleum Company.

Sincerely,

A. S. CLEARY,

President Maricopa National Petroleum Company.

CONS. MIDWAY TO SELL TO STANDARD

BAKERSFIELD, Sept. 5.—Standard Oil has contracted for the output of the Consolidated Midway's gusher on fractional section 30 in the Maricopa field, up to 10,000 barrels a day, and will at once lay a pipe line to the well. This information was given to the California Oil World by J. M. Danziger, one of the directors, and confirmed by E. A. Wiltsee, field superintendent.

Neither would disclose the price. Mr. Evans, a Standard Oil employe, has been installed by the Consolidated Midway in the capacity of superintendent of production and will have entire charge of the output of the well. Within thirty days the company expects to be delivering the maximum of 10,000 barrels daily. No quantity contract has been made, the Standard taking oil on daily runs at the price agreed upon.

PETRIFIED LOG IS FOUND BY DRILL

TAFT, Sept. 5.—Pieces of a petrified log were brought to the surface in the drilling of a new well on the Twenty-five Oil Company's property on Twenty-five hill the first of the week. The log or tree was struck at a depth a little less than 500 feet. The pieces show the tree to have been of a hard, fine-grained species. Some of the curios have been sent to the Kern County Board of Trade to be included in the exhibit at the State fair.

TOM HAYES LEAVES FOR FOREIGN FIELD

COALINGA, Sept. 5.—Tom Hayes, the well known cement contractor and oil well expert, left on the 5:30 train this evening for London, England. Mr. Hayes is contracted by a large British concern to act as expert for it in the oil fields of Egypt and India. The Coalingan will organize for the Britains in the eastern fields for the overcoming of the water troubles existing in those fields and expects to be gone from this country at least four months. Hayes stated today that he may organize several drilling crews from this field on his return and make another trip abroad taking his experts with him to teach the foreign operators the California methods of drilling wells.

DECIDES AGAINST WATER BONDS.

DENVER, Colo. Sept. 5.—In a decision handed down today in the Denver Water Company fight, Federal Judge Robert Lewis, while refusing to interfere with the holding of the bond election tomorrow to vote $8,000,000 in bonds by the city, with which to build a new water plant, enjoined the issuance of any such bonds, even though the people voted for them, and granted the city and utilities commission an appeal to the United States circuit court of appeals.

The opinion was a temporary victory for the New York Trust Company and the Denver Union Water Company.

ALTGELD MEMORIALS INSTALLED AT CHICAGO

Labor Organizations Attend the Ceremonies in a Body.

CHICAGO, Sept. 4.—Former Governor John P. Altgeld received the name of "First Insurgent" here today at the unveiling of four bronze memorial tablets under the direction of the John P. Altgeld Memorial Association.

The life of the former governor, denominated as among the first officials to take up a fight against special privileges, was praised by George Fred Williams of Massachusetts. The dedication was attended by members of Chicago labor organizations in a body.

The tablets which will be placed in Graceland cemetery, are dedicated to "John Peter Altgeld, citizen, volunteer, soldier, lawyer, judge, orator and governor of Illinois, who died March 12, 1902." Each contains selections from the public utterances of the former official, including a message of protest to President Cleveland in 1894, denying the right of the President to send United States troops into the state of Illinois and an expression of his attitude which resulted in the pardon in 1893 of men convicted of anarchy.

"In the atmosphere of graft, which pervades today, can it be doubted that a blind and unquestioning support of Altgeld would have made this state one of the purest in the republic," said Williams in his address.

"Mr. Altgeld's fate was that of a pioneer, the discoverer in statesmanship. He saw and despised the truckling of our civilization to material interests. Far in the advance of most men, he realized how privilege had worked itself into the warp and woof of our social system, and with what success the interests of property have framed the code of human conduct, laws and morals."

INSANE MAN WANDERS NAKED

SAN DIEGO, Cal., Sept. 5.—Suffering from temporary mental derangement, Charles Anderson, a San Diego ice man, was found near Tia Juana, Mex., yesterday, after he had roamed naked for two days through the adjacent country. It is believed he did not have a drink of water from the time he disappeared Friday morning until he was found by the searching party. He resisted capture desperately and it was necessary to handcuff and bind him before he could be brought to this city and be given medical treatment.

During the time he was in the brush he is said to have lived on mesquite roots. Today he is in the county hospital and according to attendants will be completely recovered within a few days.

ASLEEP ON TRACK; KILLED BY TRAIN

SAN DIEGO, Cal., Sept. 5.—While sitting on the Santa Fe track near the Twenty-third street crossing, evidently asleep, Fred F. Bye, a painter and paper hanger of National City, was killed by a Santa Fe train. The accident occurred yesterday and the man was not noticed by the train crew until it was too late to stop. Life was extinct when the body was picked up. The inquest is being conducted today. It is believed Bye started to walk from San Diego to National City and becoming tired sat down to rest. That he was asleep when the train struck him is the belief of the engineer and fireman, for they say he did not move to get out of the way of the train.

PASSENGER STEAMER DRIFTS ON ROCKS

NEW YORK, Sept. 5.—With more than 300 passengers, including many women and children, on board the excursion steamer Sea Gull, which left Glenn island, on Long Island Sound, late last night, broke her anchor chain while at anchor outside Hell Gate waiting for the fog to lift and drifted on the rocks off Cat Briar Island. She was held fast on the rocky ledge all night, but was floated virtually undamaged today and proceeded with her passengers to this city.

Although the excitement on the boat was intense after she struck, the craft was not leaking and the passengers were in no real danger.

WATCHMAN KILLS MINER AND IS FATALLY WOUNDED

GILA BEND, Ariz., Sept. 5.—In a gun fight last night with J. R. Dubois, a Southern Pacific watchman, Thad McClane, a miner, was killed and Dubois so badly wounded by a bullet in the abdomen that he died in a hospital at Tucson today. The trouble was started by the watchman trying to prevent some men boarding a train.

D. T. Winne, lawyer, Forsyth B'ld'g.

OAKLAND MAKES CLEAN SWEEP ON LABOR DAY; PITTSBURG W[illegible]

AUSTRALIAN BILL LANG LOSES HIS SIX ROUND CONTEST WITH AL KAUFMAN OF CALIFORNIA

PHILADELPHIA, Sept. 5.—Al Kaufman, the heavyweight of California, tonight got the popular decision over Bill Lang, the Australian heavyweight. Only in one round—the second, did the Australian show to advantage.

From this round to the close of the fight Kaufman had all the advantage. The fight as a spectacular exhibition was disappointing. Time and again Lang would lead with his left and then rush to a clinch, it requiring the assistance of the referee to force the men apart. In the fifth round, Kaufman drove Lang to the ropes and had him in evident distress, but the Australian grabbed his heavy opponent and hung on long enough to save himself from a probable knockout.

In the sixth round Kaufman rushed his man all around the ring, but was unable to land the knockout blow. Kaufman left the ring without a mark, while Lang's face was swollen and there was a cut between his eyes where Kaufman had sent a hard right.

When the principals appeared in the ring between seven and eight thousand persons were in the park, including many women. The ring was pitched midway between the home plate and the pitchers' box and was perfectly lighted by giant arc lights suspended from the top of the grand stand.

Kaufman had in his corner as chief adviser Billy Delaney, one of the greatest seconds in the country, while Kid McCoy looked after Lang.

BY ROUNDS.

Round 1—Lang led with a light left to the face and they went to a clinch. Lang refused to break and Kaufman uppercut with a right at close quarters. Kaufman again sent a hard straight left to Lang's face. Kaufman drove a left to Lang's mouth and the latter missed with a right swing. Kaufman's round.

Round 2—Lang led with a light left to the head and Kaufman jabbed two lefts to the face. Lang rushed in with a left to the chin, but Kaufman came back with a hard right to the body. Lang was sent to the ropes with a right and left and seemed worried. Lang swung a right around Kaufman's neck and they clinched. Round even.

Round 3—Kaufman sent a right to the chin. The Californian drove a right to the wind and they clinched. Lang sent two lefts to the jaw. Both missed left jabs. Kaufman sent Lang's head back with a left and then swung a right to the jaw. In a clinch Lang sent both right and left hard to the wind. Round even.

Round 4—They rushed to a clinch without striking a blow. On the breakaway Kaufman sent a left to the face. Lang missed with a left and Kaufman sent his face back with a hard counter. Kaufman drove a hard right to the jaw, which staggered Lang. The latter held on. Kaufman had cut a nasty gash on Lang's forehead. Kaufman sent a hard right to the jaw and Lang was in apparent distress. Kaufman's round by a large margin.

Round 5—Kaufman landed left and right to the face. Kaufman drove Lang to the ropes with a hard left and landed a left to the face and right uppercut to the jaw. Kaufman staggered Lang with a hard right and the Australian held on. Lang tried a left to the face, but missed. Lang brought blood from Kaufman's nose by a butt of his head. Kaufman uppercuit twice as the bell rang. Lang went to his corner very tired. Kaufman's round.

Round 6—Lang tried a left for the face, but missed, and Kaufman sent a hard right and left to the jaw. He repeated the blow a second later and Lang was staggered. Kaufman sent a left to the jaw and they rushed to a clinch. Kaufman sent left and right to the wind and uppercut a hard right to the jaw. Kaufman sent right and left to the head and Lang almost went to his knees. Kaufman uppercut with right to the face and Lang clinched.

Kaufman won by popular decision.

OLDFIELD SMASHES TWO RECORDS ON N. Y. TRACK

Drives Mile in :49 4-5 and Breaks Own Mark Set Earlier in Day.

BRIGHTON BEACH, N. Y., Sept. 5.—Barney Oldfield, in his famed 200 horse power Blitzen Benz, smashed two world's records for a one mile circular track before 8000 spectators here today.

In the first half of the one mile speed trials Oldfield tore around the elipse in 50 2-5 seconds, clipping 2-5 of a second from the record made by Ralph de Palma at St. Paul. In the second trial during the afternoon the Benz again won first place with 50 4-5 seconds, but Oldfield was not satisfied and got permission to lower his own new record. He covered the mile in 49 4-5, bettering his own mark set earlier in the day by 3-5 of a second.

Eleven events were decided during the day.

The races began with the one mile time trials against the Brighton Beach track record of 52 3-5 and the world's circular track record of 50 4-5.

The ten miles motorcycle race was won by A. G. Chappelle on a Merkle. Frank Secrey, with an Indian was second. Time 9.49.

In the second of the mile time trials, Oldfield, in his 200 horse power Benz equalled the former world's record of 50 4-5.

Oldfield went out again in the big Benz for another attack on the world's record and dashed around the track in 49 4-5 seconds, smashing his own world's time record by four fifths of a second.

The one hour race was won by Simplex No. 2, Robertson, 55¼ miles. Fiat, Kerscher, second, 51 miles; Isotta, Howard, third, 48 miles.

Ten miles, open to stripped chassis, 300 cubic inches and under. Won by Moyer, E. H. Sherwood; E. P. O., M. P. Balls second. Two starters. Time 10:46 4-5.

Ten miles open to stripped chassis, 600 cubic inches and under. Won by Simplex, G. Robertson; Fiat, B. Kerscher second. Two starters. Time 11:12 1-5.

Robertson in the Simplex had no competitors in the ten mile open race. His time was 10:08 1-5.

One mile time trials for motorcycles: Won by Merkle, A. G. Chappelle. Time 56 1-5. Indian, F. Secrey, second. Time 56 2-5. Indian, W. H. Robinson, third. Time 57 2-5, third.

FAIR BOOSTERS OFF TOWARD SACRAMENTO

SAN FRANCISCO, Sept. 5.—Mayor McCarthy, Congressman Julius Kahn, Charles C. Moore, R. P. Hale and James Rolph, Jr., at the head of a large delegation of citizens and legislators, left for Sacramento tonight at 9 o'clock on the steamer Isleton. Several towns along the Sacramento river will be visited by the San Franciscans, who are on a mission to promote the interests of the Panama Pacific exposition at the special session of the legislature. Three large banners bearing the figures "1915" were taken by the committee and will be given prominent places in Sacramento.

FRANK POLYGAMY.

For tomorrow's official ceremony invitations have been issued to 200 of the leading residents of the district, who with their wives will number, it is expected, nearly 500, which is the full capacity of the hall.—Exeter Express and Echo.

EIGHT OUT OF NINE GAMES ARE WON BY OAKLAND

Graham's Senators Make Poor Showing Against Bay Pennant Chasers.

SAN FRANCISCO, Sept. 5.—Oakland made it eight out of nine games in the series when the players from across the bay took the double-header from Sacramento today. In the morning at Oakland Captain Harry Wolverton put the ball out of the lot in the seventh inning, scoring the only run of the game. At Recreation Park in the afternoon the Oaklanders hit Fitzgerald in timely order and took the session by a score of 4 to 1. Score:

(Afternoon game.)

Double play—Sutshaw to Wares to Hogan. Passed ball—Spiesman. Wild pitches—Fitzgerald, Lively. Time 1:30. Umpires—Hildebrand and Finney.

M'AFEES MEET DEFEAT AT HANDS OF KUTNERS

Ray Duncan, on the mound for the Kutners, administered to the McAfees yesterday afternoon their first defeat in the Fresno City League. The final score was 4 to 0. The Dutchman had the league leaders at his complete mercy throughout the afternoon and not once was the game in any danger. Two lone singles was the best the McAfee batters could do off his delivery, while thirteen of their stickers fanned the atmosphere and dropped their bats in disgust.

Ben Hill, for the McAfees, was touched up to quite an extent during the afternoon and the Kutners had little difficulty in solving his offerings.

The new baseball grounds at Zapp's Park will be opened for the first time next Sunday afternoon and hereafter all games will be played in the afternoon. One of the games in the City League will be played at Zapp's Park while the other will be played at Recreation Park. The score:

	R.	H.	E.
Kutners	4	8	1
McAfees	0	2	5

Batteries—Duncan and C. Preston; Hill and Ostrander.

FIGHT FIERCE DRAW.

PEORIA, Ill., Sept. 5.—Kid Taylor and Frankie White, both of Chicago, went ten terrific rounds to a draw this afternoon before the Comet Athletic Club. Both fighters showed great willingness to mix.

CUBS LOSE MORNING GAME; WIN IN AFTERNOON

Pittsburg Takes Two From St. Louis; Brooklyn Beats Giants.

CINCINNATI, Sept. 5.—Cincinnati and Chicago broke even in a double-header today, the former winning the first, 3 to 2, and losing the second. The latter was a six-inning contest called on account of darkness. Score.

	R.	H.	E.
Chicago	3	9	3
Cincinnati	4	10	1

Batteries—Brown and Kling. Benton, Gaspar and Clarke. Umpire—Eason.

(Second game.)

	R.	H.	E.
Chicago	9	11	1
Cincinnati	5	9	1

Batteries—Reulbach and Kling, Rowan and McLean. Umpire—Eason.

PITTSBURG, Sept. 5.—Pittsburg by its double-header defeat of St. Louis and New York's double loss to Brooklyn today gripped a little firmer hold on second place. It required five pitchers to take the first game, 9 to 8. Leach's batting featured the second game. Score:

	R.	H.	E.
Pittsburg	11	12	1
St. Louis	4	9	1

Batteries—White, Leifield and Gibson; Z. Smith Willis and Phelps.

BROOKLYN, Sept. 5.—After taking the morning game, 5 to 1, Brooklyn won the afternoon contest from New York, 3 to 2. It was a pitchers' duel between Scanlon and Drucke, but the locals took the lead in the third. Score:

	R.	H.	E.
New York	2	8	3
Brooklyn	3	3	0

Batteries—Drucke and Meyers; Scanlon and Bergen. Umpires—Klem and Kane.

PHILADELPHIA, Sept. 5.—Boston put up a wretched game in the field this afternoon, and Philadelphia hit the ball hard and won, 13 to 0. Score:

	R.	H.	E.
Boston	0	6	7
Philadelphia	13	16	15

Batteries — Curtiss and Smith, Moren; Slaughter and Dooing. Umpires—O'Day and Brennan.

(Morning game.)

	R.	H.	E.
Boston	3	8	3
Philadelphia	6	8	0

Batteries—Fergusan and Smith; Ewing and Moran.

SAN LEANDRO LOSES TO REDS OF MODESTO

MODESTO, Sept. 5.—The Modesto Reds won the second game from San Leandro here today with a score of 2 to 1, the same score as yesterday's game. Mobley pitched for the Modesto Reds and Goldy for the Bay boys. Both pitchers heaved an excellent game, Mobley allowing but two hits and Goldy five. San Leandro made her only run in the fifth frame. Cookie grounded and was safe on Hemminger's error. He stole second and came home on La Rue's hit. Modesto tied it up and made the winning run in the sixth. San Leandro loosened up a trifle, and this combined with a couple of hits allowed the winning run.

The score:

	R.	H.	E.
San Leandro	1	2	4
Modesto	2	5	2

NEW YORK SWIMMER WINS 10 MILE RACE

ST. LOUIS, Sept. 5.—L. B. Goodwin of the New York A. C., won the ten mile river swim today. Michael McDermott unattached of Chicago was second, and W. A. Merrim of the Chicago A. C. was third.

The official time was 1:30:49, which is more than twelve minutes faster than the best time made by H. J. Handy of Chicago, a three-time winner of the event. The swimmers completed in a heavy rainfall. Most of the 34 starters finished.

ANACONDA RESULTS

ANACONDA, Sept. 5.—Balronia won the feature race here today, winning by a length after taking the lead in the stretch. Selden rode four winners. Van Duzen had his collar bone broken yesterday by being thrown. Results:

First race, 4½ furlongs, selling—Wiltrude S, 104, Selden, 2 to 1, won; Great Caesar, 112, Fischer, 13 to 5, second Miss Greenwood, 104, Dennison, 11 to 5, third. Time :56 2-5.

Second race, five furlongs, selling—Sainsest, 113, Selden, 6 to 1, won; Aunt Polly, 113, E. Smith, 8 to 5, second; Lee Harrison II., 113, Dennison, 6 to 1 third. Time 1:02 2-5.

Third race, 5½ furlongs, selling—Native Son, 111, Fischer, 4 to 1, won; Thomas Calhoun, 114, Selden, 3 to 5, second; Medeline Musgrave, 111, E. Smith, 3 to 1, third. Time 1:08 4-5.

Fourth race, Labor Day handicap, six furlongs—Balronia, 100, Selden, 4 to 5, won; Arionette, 101, E. Smith, 3 to 1, second; Miles, 97, Rooney, 7 to 1, third. Time 1:14 2-5.

Fifth race, mile, selling—Slug Spring, 104, J. Parker, 7 to 2, won; Spring Ban, 109, E. Smith, 7 to 1, second; Tom Reid, 108, Fischer, 4 to 1, third. Time 1:43 1-5.

Sixth race, mile, selling—Dave Weber, 104, Selden, 6 to 5, won; Livius, 107, Lindhorst, 4 to 1, second, Patriotic, 104, A. Nelson, 6 to 1, third. Time 1:43 3-5.

Seventh race, six furlongs, selling—Deneen, 111, Coburn, 3 to 1, won; Platoon, 111, Fischer, 8 to 5, second; Roy T, 111, E. Smith, 5 to 1, third. Time 1:16 2-5.

KEENE IS MUCH BETTER.

LEXINGTON, Sept. 5. — James R. Keene, the New York horseman and fancier, who has been seriously ill at the Good Samaritan hospital here, was reported much improved tonight. The physicians are of the opinion that immediate danger is past.

NEARLY CURED OF LEPROSY.

BALTIMORE, Sept. 5.—Mrs. Providencia Mascagni, an Italian of this city, who was removed to quarantine last May suffering with leprosy, has improved to such an extent, according to a report by Thomas L. Richardson, quarantine physician, that she may be completely cured by Christmas.

ANGELS BREAK EVEN WITH BEAVERS IN DOUBLE HEADER

Leaders Lose Morning Affray; Bunch Hits and Win in Afternoon.

PORTLAND, Sept. 5.—Portland bunched its hits on Nagle in the third inning in the afternoon game and with the Angel pitcher having trouble with bunts, put over four runs. The score was 4 to 1, and apparently the rooters' dirge, which they started for Nagle and kept up when Krapp went on the mound again was responsible for Los Angeles' lone tally, for Krapp weakened in the din and Nagle slammed out a triple, scoring Delmas.

The score:

LOS ANGELES.

SUMMARY.

Struck out—By Krapp, 8; Nagle, 1. Bases on balls—Off Krapp, 2; Nagle, 2. Two base hit—Olson. Three base hit—Nagle. Double plays—Krapp to Olson; Olson to Rapps. Sacrifice hits—Sheehan, Ryan, Rapps. Stolen bases—Howard Hallinan, Daley. Hit by pitched ball—Ort. Passed balls—Waring, Fisher. First base on errors—Los Angeles, 1; Portland, 1. Left on bases—Los Angeles, 4; Portland, 4. Time—1:30. Umpire—Van Haltren.

MORNING GAME.

Los Angeles won the morning game in easy fashion with Tozer on the mound. Score:

	R.	H.	E.
Los Angeles	6	9	3
Portland	3	7	2

Batteries—Tozer and Smith; Boyce and Fisher.

DRILLERS WIN THIRD GAME FROM VISALIA

(Special to the Republican.)

BAKERSFIELD, Sept. 5.—Before a crowd of 1,500 people the Bakersfield Drillers won their third straight game from the Visalia Pirates today. The final score was 7 to 1. Devereaux broke up the game with a two-bagger while three men were on bases. The long hit brought in three runs. Five two-base hits were made during the contest. While the hits were even, the Drillers were able to meet the ball when hits were needed, and thereby hangs the victory. Visalia scored two runs in 27 innings in the series with Bakersfield. The score:

	R.	H.	E.
Bakersfield	4	7	1
Visalia	1	7	3

Batteries — Melkle and Hoff; Dye and McMurdo.

Umpire—Charles Burleigh.

COLUMBUS STREET CAR CREW FIRE ON TWO POLICEMEN

COLUMBUS, Sept. 5.—Two policemen standing on an East Side street were fired upon tonight by a non-union street car crew.

There was no disturbance today in connection with the street car strike.

TWO ESCAPE FROM PRISON.

JACKSON, Mich., Sept. 5. — James Cushman, sentenced from Oakland county for from five to twenty years, and Walter Smith, sentenced from Kalamazoo for life, escaped from Jackson prison tonight. Cushman was captured later.

YANKS BREAK EVEN WITH ATHLETICS; WIN IN A. M.

Boston and Washington Split Double Header; Tigers Win Two.

NEW YORK, Sept. 5.—New York and Philadelphia broke even in the Labor Day double-header. The morning game went to the locals, 5 to 2, but Philadelphia won in the afternoon, 2 to 1.

	R.	H.	E.
Philadelphia	2	8	2
New York	1	5	0

Batteries — Coombs and Lapp; Vaughn and Criger.

BOSTON, Sept. 5.—Boston won the afternoon game from Washington, 5 to 0. Up to the sixth inning Gray had allowed the locals but one hit. In that session two bases on balls, two hits, two sacrifices and a wild throw to the third by Gray gave the locals five runs. Score:

	R.	H.	E.
Boston	5	4	2
Washington	0	8	2

Batteries—Wood and Kleinow; Gray, Otrie and Ainsmith.

Morning game:	R.	H.	E.
Washington	4	9	0
Boston	1	8	0

Batteries—Walker and Breckendorf; Hall and Carrigan.

DETROIT, Sept. 5.—Detroit won both games from St. Louis today, the morning contest, 4 to 1, and the afternoon, 4 to 3. Ray was hit hard in the morning, while Willett kept the hits scattered. Both Loudell and Bailey pitched good ball in the afternoon, but the Detroits were a trifle steadier. Score:

Afternoon game:	R.	H.	E.
St. Louis	3	7	1
Detroit	4	7	1

Batteries—Bailey and Stephens; Loudell and Casey.

CHICAGO, Sept. 5.—Chicago and Cleveland broke even in the double-header this afternoon, the visitors winning the first game, 5 to 0, and Duffy's men taking the second, 10 to 5. Score:

First game:	R.	H.	E.
Chicago	0	5	3
Cleveland	5	10	1

Batteries—Walsh and Sullivan; Harkness and Land.

Second game:	R.	H.	E.
Chicago	10	15	3
Cleveland	5	8	0

Batteries—White and Block; Falkenberg, Fanwell and Adams, Land.

FOUR FAVORITES WIN AT OVERLAND TRACK

OVERLAND PARK, DENVER, Sept. 5.—Four favorites and one well-played second choice won at Overland today. The feature of the day's racing came in the sixth race, when Dr. Downey, coming from behind, in a desperate attempt to nip Anna McGee at the post, was beaten by a nose. Results:

First race, four and a half furlongs, selling—Ballala, 109 (Rettig), 3 to 5, won; Outfielder, 108 (Singleton), 2 to 1, second; Zool, 105 (Reilly), 6 to 1, third. Time, 54 3-5.

Second race, five furlongs, selling—Fundamental, 107 (Reilly), 2¼ to 1, won; Rio Picos, 104 (Molesworth), 4 to 1, second; Hidden Hand, 110 (Rettig), 4 to 1, third. Time, 59 3-5.

Third race, six and a half furlongs, selling—Bill Eaton, 109 (Rettig), 3 to 2, won; Gibson, 109 (Russell), 4 to 1, second; Barnesdale, 110 (Ormes), 5 to 1, third. Time, 1:20 2-5.

Fourth race, mile, selling—Hoyle, 106 (McCullough), 3 to 1, won; Lady McNally, 95 (Ormes), 12 to 1, second; Sam Bernard, 104 (Pickens), 4½ to 1, third.

Fifth race, selling—Albion H., 104 (Imes), 8 to 5, won; Meada, 104 (Molesworth), 11 to 5, second; Swell Girl, 99 (Plourd), 20 to 1, third. Time, 1:41 4-5.

Sixth race, six furlongs, selling—Anna McGee, 97 (Buxton), 4 to 5, won; Dr. Downey, 106 (McCullough), 6 to 1, second; Harting, 99 (Reilly), 6 to 1, third. Time, 1:13.

ANACONDA ENTRIES

ANACONDA, Sept. 5.—Entries for Tuesday, September 6:

First race, 5½ furlongs, selling—Zoe Young, Cool, Nagazam, Aquiline, 109; Caesar, 106; Little Buttercup, 104; Camera, 103.

Second race, 5½ furlongs, selling — Gelico, Kid North, Miss Hattie, 103; X—Buckaluck, 98; Reuben, Lilliam Ray, Zick Abrams, May Pink, Bay Garter, 109.

Third race, six furlongs, selling—Ramon Corona, Nyanza, 101, Thur, Native Son, Emma G., McNally, Gene Wood, 105; Tramotor, 112.

Fourth race, five furlongs, purse — Thistle Belle, 109; Jim Basey, 92; Copperlown, 113; St. Heller, Milt Jones, 91; Edmond Adams, 97.

Fifth race, mile, selling, 3 year olds and up Ornate, Harks, Nebraska Lass, John J. Rogers, Cabin, 106, Rel El Tovar, X Jennie's Beau, 95; Rather Royal, Knight of Ivanhoe, 107; Hammeraway, 112; Mike Jordan, 104; Tom Reid, 103.

Six race, six furlongs, selling—Del Crezador, Glaucus, 116; Sona, Fusileer, Galene Gale, 101; Silver Line, Moss Back, Waner, 107, X Gramercy, 86.

X—Apprentice allowance.

DALLAS WINS RAG IN TEXAS LEAGUE

DALLAS, Tex., Sept. 5.—Dallas today won the pennant in one of the closest finishes ever known in the Texas League. Only a few points separated Dallas and Houston.

PTOMAINE POISONING ON SHIP.

SEATTLE, Sept. 5.—Ten members of the crew of the steamer Prince Rupert were stricken with ptomaine poisoning shortly after the noon lunch today. Three of them were sent to the municipal hospital and when the Prince Rupert sailed for the north a member of the city physician's staff accompanied the vessel. It is believed all will recover.

JOHNNY AITKEN IN NATIONAL WINS TWO HUNDRED MILE RACE AT INDIANAPOLIS SPEEDWAY

INDIANAPOLIS, Sept. 5.—Fighting all the way, first with his teammate, Al Livingstone, then for 155 miles with Harroun in his Marmon "Wasp" until the "Wasp" broke a coupling in the sixty-eighth lap, Johnny Aitken in a National car won the 200 mile race and $1000 in the closing event of the season at the Indianapolis motor speedway this afternoon.

Aitken took the lead from Livingstone at the end of the second lap and held it for twenty miles. Harroun then led for ten miles, when Aitken jumped in front, but soon lost the lead again to the Marmon "Wasp."

Harroun, pushed by Aitken, set a pace that at the end of seventy-five miles just after he had stopped for a new tire, gave Aitken, who jumped into the lead, a new world's record for that distance. Aitken's time for the seventy-five miles was 63:31.9, while the previous record was 69:34.6, also held by the National driver.

In the fifty mile free-for-all event, Eddie Hearne, driving a 120 horsepower Benz, jumped into the leading start and never was headed, although pushed hard by De Palma in his 200 horsepower Fiat. Hearne's time for 20 miles, 15:06.5, beat the world's record for that distance, 15:31.8, made by Robertson in a Fiat.

The track dried off after a hard shower at noon and was in good condition when the three Hereshoffs came to the wire at 1:20 for the first event, which was a five mile race for cars of 160 cubic inches piston displacement. Emmons won the race, coming in holding down his hood over his engine, with McCormick a close second. Smith drove out at the end of the first lap with engine trouble. Time, [illegible]

In the ten mile free-for-all, DePalma in his 200 horsepower Fiat jumped into the lead at the start with Hearne in 120 horsepower Benz closely following. Hearne pulled up, but DePalma won by a wheel. Harroun in a Marmon, third. Time, [illegible]

Frayer in a Firestone-Columbus won the five mile race for cars of 161 to 230 cubic inches piston displacement, Endicott was second; Edmunds (Cole), third. Time, 4:47.8.

Harroun in a Marmon won the five mile event for cars of 231 to 300 cubic inches displacement; Pierce in a Falcar was second and Barndollar in a MacFarlan, third. Time, 4:[illegible]

Aitken (National) led all the way and finished first in the five mile race for cars of 301 to 450 cubic inches piston displacement. Dawson Marmon, second: Greiner (National), third. Time, 4:10.2.

Hearne in a Benz 120 horsepower won the fifty mile free-for-all. Harroun Marmon, second and Livingstone (National), third. Time, 35.02.56. A National, driven by Wilcox, won the five mile contest for cars of 451 to 600 cubic inches displacement. Bass (Mathewson), second; Merz (National), third. Time, 4:06.98.

Barndollar, driving a MacFarlan, captured the five mile handicap; Frayer (Firestone-Columbus), second, and F. C. Clemens (McFarlan), third. Time, 5:06.82.

Twelve cars started in the 200 mile race at 1:30 p. m.

DISASTER CROSSES PATH OF HOGAN'S VILLAGERS

Seals Take Four Games in Two Days; Bodie Hits Another Homer.

LOS ANGELES, Sept. 5.—San Francisco took both games today, making it two double headers in as many days, and winding up a series that has been as disastrous for Vernon as any the Villagers have had at home or abroad. After beating Hogan's men 6 to 2 in the morning, the Seals administered a more bitter dose in the afternoon, the final result standing 8 to 2. Bodie scored his twenty-sixth four sacker and added strength to the conviction that Chutes outfield will have to be greatly widened and lengthened if the ball is to be kept inside the fence when he is at the bat. The score:

VERNON.

OGDEN, Sept. 5.—Jimmy Reagan of San Francisco knocked out "Peanuts" Sinclair of Salt Lake in the thirteenth round today.

LABOR DAY BATTLES THROUGHOUT COUNTRY

GLENNS FALLS, N. Y., Sept. 5.—The "Dixie Kid," formerly a San Francisco welterweight, and now of New York, had all the better of a ten round bout here tonight with Joe Uvannie of this city.

Dixie Brown won from Jack Harry of Scranton, Pa., in the third round by a knockout.

WINNIPEG, Sept. 5.—Abe Attell won the lightweight championship of Canada at Calgary today when he knocked out Billy Lauger in the seventh round.

AKRON, Ohio, Sept. 5.—Phil Brock and Paul Koehler, lightweights, fought a twelve round draw here tonight.

Koehler had the advantage of the early rounds, but later on Brock took the lead and had Koehler in a bad way in the tenth and eleventh rounds. Then Koehler came back strong and honors were even at the finish. No formal decision was rendered.

UTICA, N. Y., Sept. 5.—Con O'Kelly, an aspirant for heavyweight honors, was so much better than Joe Coyne of Pittsburg that their scheduled ten round bout was stopped in the third round, after Coyne had taken terrible punishment and had been knocked down three times.

WINNIPEG, Sept. 5.—George Gardner of Lowell, Mass., and John Willie of Chicago fought a slow ten round fight to a draw here tonight.

This afternoon they were taken before the police and told that if they engaged in any rough work they might render themselves liable to two years' imprisonment.

OCCIDENT STAKE IS WON BY DON SHAM AT SACRAMENTO

Canfield's Horse Takes Three Firsts and One Second Place in Race.

SACRAMENTO, Sept. 5.—In the Occident stake, $2,500 purse, the feature of the harness matinee today at the state fair, C. A. Canfield's Don Sham won the event with three first places and one second place. Expedio finished second and Bon Guy third.

The 2:20 class trot, $1,000 purse, was the feature of the card. F. E. Wright's Lijero won in straight heats. Harold K. and Bobby H. battled neck to neck through two heats for second money. Harold K by a neck.

Occident Stakes—

Don Sham	1	1	2	1
Expedio	7	6	1	2
Bonguy	2	4	4	—
Twig	4	3	5	—
Strathbourne	3	3	3	—
Sweet Bow	5	7	6	—
Quinn	Sixth.			
Babe Verne	Seventh.			

Time, 2:13¼; 2:14; 2:14¼; 2:17¼.

2:20 Trot—

Lijero	1	1	1
Harold K.	2	3	2
Bobby H.	3	2	3
Little Branch	4	4	4

Time, 2:22; 2:22; 2:20¼.

DEMOCRATIC EDITORS CONSIDER POLICIES

Prepare for Work of the State Convention Today.

STOCKTON, Sept. 5.—Some thirty editors and political writers of the Democratic papers of California gathered in this city tonight to discuss party policies as they will be considered tomorrow by the state convention. Under the direct primary law the convention will only adopt a platform to which the nominees selected at the primaries will be bound by their party pledges. The primary campaign utterances of the candidates will be considered also and resolutions endorsing their attitude on state and national issues will be presented. This will constitute the business of the gathering and or harmony has been the keynote of Democratic activities throughout the primaries, little or more than routine importance is expected to transpire during the sessions of the convention.

The convention will be called to order tomorrow afternoon and the platform and resolutions committees immediately begin their labors. Adjournment will be taken in honor of Labor Day, however, and it is improbable that there will be any action until Tuesday.

At the gathering of the Democratic Editorial Association tonight, a number of candidates addressed the newspapermen. State Senator John B. Sanford of Ukiah presided and at the conclusion of the open meeting an executive session was orderer at which numerous resolutions were considered.

LA FOLLETTE'S FIGHT WILL CLOSE TODAY

Cook, His Opponent, Claims to Stand for Progressive Policies.

MILWAUKEE, Sept. 5.—The primary election campaign in Wisconsin, which has but one more day to run, has been one of the most strenuous from a candidate's standpoint in years, and it is almost impossible to forecast results.

Perhaps the most interesting contest is that for the endorsement for U. S. senator on the Republican ticket between Robert M. La Follette, senior senator of Wisconsin, and Samuel A. Cook.

While Senator La Follette, through a physical ailment, has not been able to enter the campaign personally, many speakers, both within and out of the state, have made a thorough canvass in his behalf.

Senator La Follette makes his appeal to the people on only one issue, that of representative government, while Samuel A. Cook has covered the state with much literature setting forth his record in Congress and with the statement that he stands for the Progressive policies of former President Roosevelt and President Taft and for every measure that will aid agricultural interests.

DEAD MAN MAY BE ELECTED IN WISCONSIN

Action Is Necessary to the Completion of the La Follette Ticket.

MADISON, Wis., Sept. 3.—A troublesome situation is likely to result from the death yesterday of Frank T. Tucker, second assistant attorney general and the La Follette candidate for the nomination for attorney general.

The other two candidates are classed as anti-La Follette Republicans, and the head of the La Follette campaign committee has sent out word to La Follette leaders to pass the word to La Follette men to vote for the dead man.

It is too late to change the ballots and the only recourse of the La Follette men will be th election of Tucker in the primary. Then the nomination completed, th new state committee, which the La Follette men say they will dominate, will select a La Follette man to fill the vacancy on the party ticket.

The anti-La Follette men, however, do not believe that the election of a dead man can stand in the courts.

BURROWS FIGHTING TO KEEP HIS SEAT

Insurgents and Regulars Are Having Spirited Contest in Michigan.

DETROIT, Sept. 5. — Primary elections will be held by all parties in this state Tuesday. Members of the legislature will be placed in nomination, but candidates for all state offices except governor and lieutenant governor will be nominated later at party conventions. The three candidates for the Republican nomination for governor are Lieutenant Governor Patrick H. Kelly, Charles E. S. Osborn of Sault Ste Marie and Amos Musselmann of Grand Rapids.

United States Senator Burrows is opposed for renomination by Representative Charles E. Townsend of Jackson on the ground that a good man is needed and Senator Burrows has been too closely allied with Senator Aldrich. Senator Burrows has made a strenuous automobile campaign, urging that a long record for genuine Republicanism entitled him to re-election and that certainty of his obtaining the chairmanship of the Senate committee on finance would give him an influential position in the Senate that no new senator could obtain.

In four districts those opposed to the renomination of the present congressman are upholding the banner of "insurgency." In the third district both Representative Gardner and his opponent, J. M. C. Smith of Charlotte have declared themselves against the re-election of Cannon as speaker.

WORKS HAS POPULAR MAJORITY FOR SENATOR

But Spalding Wins by Far the Most Legislative Districts.

SAN FRANCISCO, Sept. 5. — Correct figures resulting from a complete tabulated of the returns from all of the districts in California show definitely that John D. Works of Los Angeles was given a popularity over A. G. Spalding and E. A. Meserve in the advisory vote for the office of United States senator in the August primaries. But the returns also prove that Spalding was the winner in the greatest number of counties.

Works received 64,961 votes, Spalding, 63,461, and Meserve, 52,553. Spalding captured 30 counties, Works 22, and Meserve 5, with Spalding and Works tied in the other one. This will give Spalding 75 pledged legislators, Works 39 and Meserve 6.

POPE PIUS UNDOES WORK OF LEO XIII

French Catholics Much Perturbed by Present Policy of the Vatican Authorities.

NEW YORK, Sept. 4.—Pope Pius X seems to be spending his time destroying the work of his predecessor, say many of his critics, and by his course, they add, sorely trying the patience of many of the most devout Catholics in France. Pope Leo XIII cast in his lot with the democracy by his two famous encyclicals and then forced the democracy to rally to the republic. The famous Catholics, M. Pio and Count Mun, and the fighting phalynx of youths led by Sangier, an ex-army officer, abandoned in obedience to him the reactionary parties.

Pope Pius seems to be trying to avenge the expulsion of the religious orders and segregation bill. He has sent a letter to the French Bishops condemning the activity of the Christian democrats led by Sangier. Sangier founded in all dioceses associations for the study of economic and social questions, associations corresponding with the Young Men's Christian Association in Protestant countries. The organization was known as the Sillon Society, and assumed to be both Christian and republican. The founder aimed to convince France that Catholicism was not synonymous with reaction and republicanism. With one blow the whole organization has been shattered by the Pope, on the ground that the organization ignored traditional Catholic discipline. They were ordered to transfer their authority to the Bishops.

PORTLAND PHYSICIAN ARRESTED FOR DEATH OF A YOUNG GIRL

PORTLAND, Ore., Sept. 5.—Dr. J. J. Rosenburg, a well known young physician, was indicted by the Multnomah county grand jury today on a charge of murder in the first degree, in having administered chloroform to Vera Hall, an 18-year-old girl, on July 24th last, and then attempting to conceal the cause of her death. In the disclosures following Miss Hall's death last month it was shown that Elmer Erickson, her sweetheart, had taken her to Dr. Rosenburg's office. According to Rosenburg, the girl was extremely nervous and he administered chloroform, whereupon the girl died within a few minutes.

On the entreaties of the girl's mother and Erickson, Rosenburg said, he placed the body in his automobile and took it to the girl's home in Oregon City. He then notified the coroner that the girl had died in the automobile of heart failure. Dr. Rosenburg was arrested this afternoon and is held without bail on a murder charge.

In the Superior Court of the County of Fresno, State of California.

In the matter of the estate of Robert Baird, deceased.

Under authority of an order of sale granted by the Superior Court of the County of Fresno, State of California, dated July 11th, 1910, I will sell at private sale the following described real estate, to-wit:

Real property in the County of Fresno, State of California, described as follows:

The East ten acres of the Northwest quarter of the Southwest quarter of Section Thirty-two (32), Township Thirteen (13) South, Range Twenty-two (22) East, M. D. B. & M.

The sale will be made on or after the 20th day of September, 1910, and bids will be received at the office of M. B. Harris & E. M. Harris, in the First National Bank Building, Fresno, Fresno County, State of California.

Terms of sale, cash in gold coin of the United States, ten per cent of the bid payable at the time of sale and balance upon confirmation of sale by said Court.

CHARLOTTE BAIRD,
Administratrix of the estate of Robert Baird, deceased.

Dated August 31st, 1910.

M. B. Harris & E. M. Harris, attorneys for administratrix.

DELINQUENT SALE NOTICE.

In the Superior Court of the County of Fresno, State of California.

In the matter of the estate of Adele A. Allison, deceased.

Notice is hereby given, that Monday, the 12th day of September, 1910, at 10 o'clock a. m., of said day, at the Court Room of said Court, Department No. 1, at the Court House, in the City of Fresno, in said County of Fresno, has been appointed, by the Clerk of said Court, as the time and place for proving the will of said Adele A. Allison, deceased, and for hearing the application of Geo. R. Andrews for the issuance to himself of letters of administration with the will annexed, when and where any person interested may appear and contest the same.

Dated: August 29, 1910.

W. O. MILES, Clerk.
By D. M. Barnwell, Deputy Clerk.

M. B. Harris & E. M. Harris, attorneys for petitioner.

NOTICE OF ASSESSMENT.

The Fresno-San Francisco Oil Company, a corporation. Principal place of business, Fresno, Fresno County, California. Location of property, Fresno County, California.

Notice is hereby given that at a regular meeting of the Board of Directors of said company held on the first day of August, 1910, an assessment (No. 14) of ten cents per share was levied upon the subscribed capital stock of said corporation, payable immediately to the secretary, Albert Ruhenstein, at the office of said corporation, No. 924 J street, Fresno, Calif.

Any stock upon which this assessment shall remain unpaid on the tenth day of September, 1910, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the tenth day of October, 1910, at 10 o'clock a. m., to pay the delinquent assessment together with costs of advertising and expenses of sale.

ALBERT RUHENSTEIN,
Secretary of said Corporation.

Dated, Fresno, Calif., August 10, 1910.

NOTICE OF ASSESSMENT.

Baird Oil Company, a corporation. Location of principal place of business, Fresno, Fresno County, California.

Notice is hereby given that at a meeting of the Board of Directors, held on the 27th day of July, 1910, an assessment (No. 4) of two cents per share, was levied upon the capital stock of the corporation, payable immediately, in United States gold coin, to Frank Kauke, secretary of the said company, at his office in Room 5 of the Temple Bar Building, in the City of Fresno, Fresno County, California. Any stock upon which this assessment shall remain unpaid on the 6th day of September, 1910, will be delinquent and advertised for sale at public auction, and, unless payment is made before, will be sold on the 27th day of September, 1910, at 2 o'clock p. m., to pay the delinquent assessment, together with costs of advertising and expenses of sale.

FRANK KAUKE, Secretary.
Office, Room 5, Temple Bar Building, Fresno, California.

POLITICAL CARDS

CHAS. McCARDLE

Regular Democratic nominee for County Recorder. Election Nov. 8, 1910.

NOTICE OF ASSESSMENT

Coalinga Crown Oil Company, a corporation, with its principal place of business at Fresno, California.

Notice is hereby given that at a regular meeting of the Board of Directors of said company, held on the 5th day of September, 1910, Assessment No. 2, of five (5) cents per share was levied upon the capital stock of the corporation, payable immediately, to A. M. Drew, secretary, at his office in the Temple Bar building, Fresno City, California. Any stock upon which this assessment shall remain unpaid on the 8th day of October, 1910, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 28th day of October, 1910, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

Dated this 5th day of September, 1910.

A. M. DREW, Secretary.

ORDER TO SHOW CAUSE.

In the Superior Court of the County of Fresno, State of California.

In the matter of the estate of B. Tufenkjian, sometimes known as Bagdasar Tufenkjian, deceased.

It appearing to this Court by the petition this day presented and filed by Avedis Tufenkjian, administrator with the will annexed of the estate of B. Tufenkjian, sometimes known as Bagdasar Tufenkjian, deceased, that it is necessary to sell the whole of the real estate of said decedent to pay the debts of decedent and the debts, expenses and charges of administration:

It is therefore ordered by this Court that all persons interested in the estate of said deceased appear before the said Superior Court on Monday, the 19th day of September, 1910, at the hour of two o'clock P. M., of said day, at the courtroom of Department 2 of said Court, at the courthouse in the City of Fresno, County of Fresno, State of California, to show cause why an order should not be granted to said administrator with the will annexed to sell so much of said real estate as shall be necessary, and that a copy of this order be published for four successive weeks in the Fresno Morning Republican, a newspaper printed and published in said County.

Dated: August 10, 1910.

H. Z. AUSTIN,
Judge.

M. B. HARRIS & E. M. HARRIS,
Attorneys for Administrator.

ORDER TO SHOW CAUSE.

In the Superior Court of the County of Fresno, State of California.

In the matter of the Guardianship of Joseph Vandor, an incompetent person.

Paul E. Vandor, the guardian of the estate of Joseph A. Vandor, an incompetent person, having filed his petition herein praying for an order to sell a one-fourth (¼) interest of said incompetent in and to lots numbered twenty-five (25) and twenty-six (26) in block twenty-two (22) of Belmont Addition to the town, now city, of Fresno, as per map thereof now on file and of record in the office of the county recorder of the county of Fresno, State of California, it is therefore

Ordered, by the judge of this court that all persons interested in the estate of said incompetent appear before said Superior Court on the 26 day of September, 1910, at the hour of 10 o'clock a. m., at the court room of said Superior court at the court house, in the county of Fresno to show cause why an order should not be granted to said guardian to sell the interest in the above described real estate of the said incompetent at private sale and that a copy of this order be published at least four successive weeks in the Fresno Morning Republican, or a consent of all persons interested in said estate be filed in this court.

Dated this 20 day of August, 1910.

GEO. E. CHURCH,
Judge of the Superior Court.

Everts & Ewing,
Attorneys for Guardian.

NOTICE OF ASSESSMENT NO. 3.

The Rose-McCourt Oil and Land Company, having its place of business in Room 7, Short Building, Fresno City, Fresno Co., State of California.

Notice is hereby given that at a meeting of the Directors held on the 18th day of July, 1910, an assessment of 2 cents per share was levied upon the capital stock of the corporation, payable immediately, to J. L. Hutchison, secretary of said Corporation at the office of the Company, in Room 7 of the Short Building in the City of Fresno.

Any stock on which the assessment shall remain unpaid on the 25th day of August, 1910, will be delinquent and advertised for sale at public auction, and unless payment is made on or before, will be sold on the 15th day of September, 1910, to pay the delinquent assessment together with the cost of advertising and expense of sale.

J. L. HUTCHISON,
Secretary of the Rose McCourt Oil and Land Company, office Room 7, Short Building, Fresno, California.

POSTPONEMENT.

Notice is hereby given that the time for payment of said assessment has been postponed to Monday, the 19th day of September, 1910. All delinquent stock will then be advertised and sold at public auction at 9 o'clock, a. m., on Monday the 10th day of October, 1910.

By order of the Board of Directors.

(Seal) J. L. HUTCHISON,
Secretary

Special Meeting of the Stockholders of the Twenty-Two Oil Company, a Corporation.

Notice is hereby given that by order of the Board of Directors of the Twenty-two Oil Company, a corporation, a special meeting of the stockholders of said corporation will be held at the office of said company, Rooms 7 and 8 in the Fiske building, city of Fresno, county of Fresno, California, on the 3rd day of September, 1910, at 10 o'clock a. m. of said day.

E. A. WILLIAMS,

NOTICE TO RANCHERS
WE ARE arranging an up to date illustrated booklet to be distributed through our Eastern offices, giving photographic views and reliable information in regard to the properties we have for sale. If your ranch is for sale please call or address us at your earliest convenience. It is our intention to make this publication very attractive and strictly reliable, and all we ask of you is to list your property with us at a fair price and reasonable terms. We do not require you to sign an exclusive contract on your ranch, and unless we furnish the buyer, you are under no obligation to us.
DON'T DELAY! Call at once, as time is limited.

CABELL SEES HARDSHIP TO WINE INDUSTRY OF DRASTIC LAWS

Aimed at Patent Medicine Men; Hits California Vintner Hardest.

Conference With Collectors Promised to Remedy Minor Evils.

The recent visit here of R. E. Cabell, U. S. commissioner of internal revenue, gives interest to a report of the result of his Southern California trip. The following is from a Los Angeles paper:

In order that the United States revenue officials and the wine producers of Southern California may come to a better understanding United States Commissioner of Internal Revenue R. E. Cabell made a tour of inspection of the wineries of the Cucamonga district and of some of those near this city yesterday.

He was accompanied by Claude L. Parker, local collector of revenue, Agent E. M. Center, holding the same position in the northern district of the state; Guy E. Barham, revenue broker; Secundo Guasti, president of the Italian Vineyard company; H. Blatz, owner of the Sierra Madre Vintage company, and Henry Baer of the Los Angeles Wine company.

A closer relation between the Revenue Bureau at Washington, the local officials and the wine men, according to Commissioner Cabell is very essential.

"I have come to a realization of many things which letters could never bring clearly to the front," said he. "The difficulties of the Southern California wine men are more easily discernible now and I think that a consultation with the collectors of the state, which will be held after I have completed my tour of inspection, will effectually remedy many of the minor evils."

After having made tours through the wineries of the Italian Vineyard company at Guasti, the Cucamonga Vintage company, the California Wine association, the new Mission Vineyard company and the Sierra Madre Vintage company, the commissioner said:

"I never realized what a great industry the wine business of Southern California is until today. Written reports fail to convey an adequate idea of its immensity. I can readily understand now that there is more than $50,000,000 tied up in the industry in the southern portion of the state and $10,000,000 of that in Los Angeles county."

UNFAVORABLE LEGISLATION

Several years ago government lawmakers took drastic action against the manufacture of sweet wines containing more than a certain per cent of alcohol. This was done in order to prevent the wholesale theft of brandy and the eluding of taxation on the same by the patent medicine producers of the country.

"The medicine manufacturers purchased from the wineries sweet wines containing the greatest amount of alcohol. This they took to their establishments and by distilling secured about a gallon of alcohol from three gallons of wine. The wine cost them less than 20 cents a gallon. Alcohol carries a tax of $1.10 per gallon. The wine grower, for fortifying purposes, is allowed to use brandy on paying a 3 cents per gallon tax. In this way the patent medicine men waxed wealthy and drew upon themselves the wrath of the government officials who enacted the drastic measures which in a small way put a stop to the business, but which created more damage to the wine producers than to the medicine men at whom the law was aimed.

"The wine producers were ordered to use only a certain amount of brandy in fortifying sweet wines. To do this they have had to ferment out a great deal of the natural sugar of the original grape juice and after the wine has been properly fortified, add a grape sweetening similar to jelly and which imparts a peculiar flavor to the wines.

HOPE FOR GROWERS

"The producers yesterday received the assurance of Commissioner Cabell that he will do all in his power to assure a change in the present state of affairs. In the case of Angelica and Muscatel wines he said that special legislation will have to be enacted by Congress, allowing the producer to fortify the unfermented grape juice with sufficient brandy to hold it. This he stated has been done for a manufacturer of a black berry cordial.

According to Commissioner Cabell, the prohibition wave in the East and South has spent itself. "There is already a reaction in many parts of the prohibition territory and coming elections will find different results on the question of liquor or no liquor," he said. "I am in favor of good wines, such as I have seen made today. They are not as harmful as the drugs to which people turn when they cannot get liquor, and in fact a good wine is no worse than tea or coffee if properly used."

TWO MORE BLOCKS ON K STREET ABOUT TO BE PAVED

T. W. Patterson Objects to Extending Fire Limits to Benefit Packer.

Danes Ask for Park Concert to Entertain National Convention.

Among the matters that will come before the city trustees for consideration this evening are the following:

W. W. Eden, W. M. Muller and others representing 51 per cent of the property frontage will ask for the paving of K street between Merced and Stanislaus streets.

OTHER STREET WORK.

Recommendation will be made by Superintendent Thorn that the sidewalk on Fresno avenue during the rainy building, be replaced with concrete and cement. It is of asphalt and in a very poor condition he says.

To grade one block on Alley street, between Fresno avenue and Howard. This is badly needed, as water collects on Fresno avenue during th erainy season with no way to run off, causing an offensive pool.

Likewise Voorman avenue from Forthcamp to West, as the same condition exists there, and because Voorman is the natural outlet for water from Forthcamp avenue.

To resurface a four foot strip in the center of the alley between I and J Fresno and Mariposa, as water stands in many places along the full length of the block.

To grade West avenue from Nielsen to Belmont.

GRADING THESTA STREET.

Property owners on Thesta street, between Grant avenue and Belmont, will ask the board to have it graded and curbed.

SEWER CONSTRUCTION.

V. V. Pittman makes request for permission to construct a sewer by private contract in the alley between blocks 3 and 4, in Griffith's second addition and Kroeger's addition, also in blocks 1 and 2 of Griffith's.

PATTERSON PROTESTS.

Protest has been entered by T. W. Patterson, as president of the City Land Company, against including block 20 in the fire limits as asked by T. J. Hammond. The company owns fourteen lots in the block in this residential part of the city, many blocks distant from the business center. To grant the request would be a great hardship and serve no good purpose, asserts the president. The block fronts on the Pollasky railroad and on a corner of the block next to the railroad is located Hammond's fig packing house, a wooden structure removed thither from the Santa Fe railroad and to which a brick warehouse is being added.

CONCERT FOR DANES.

P. E. Ludvigsen, president of Fresno lodge, No. 87 of the Danish Brotherhood, asks that the weekly band concert in the park on Sunday the 25th, being the last for the season, be deferred until the evening of Sunday, October 2nd, as a favor to Fresno lodge and to welcome the coming delegates of the grand lodge.

LICENSE TRANSFER.

John Cleary and August Kerner ask for a transfer of the liquor license for 702 G street to Kerner as sole purchaser, retaining, however, the firm name.

ON SALE OF LOTS.

Attorney O. L. Everts presents a claim for $500 on the sale of lots 10 and 11 in block 7 of Windsor Terrace for a children's playground.

CITY TAX RATE FOR ALL PURPOSES IS FIXED AT $1.20 ON $100

This Is Reduction of Six Cents on the Figure of Last Year.

Fire Hose Bids Rejected; Front Street in a Dusty Condition.

The board of trustees fixed last evening the city tax rate for all purposes at $1.20, which is 6 cents less than that of last year. After considering several matters of urgency the board adjourned to meet again this evening.

In fixing the tax rate the basis of figuring was an assessment valuation of $11,928,782, the amount to be raised $192,000 for general purposes, and $23,530 for interest on and redemption of city bonds. The income from licenses was estimated at $75,000.

The estimates for the municipal departments and the rates on the city valuation to raise them are shown in the following tabulation:

	Estimate.	Rate.
General	$29,568	15.4
Police	26,880	14.0
Fire	62,208	32.4
Light	21,120	11.0
Street	29,952	15.6
Sewer	4,992	2.6
Library	6,912	3.6
Parks	10,368	5.4
	$192,000	$1.00

For the sinking funds the rates are:

	To be raised.	Rate.
Sewer, 1895	$2,250	2.0
City Hall, 1905	5,015	4.2
Sewer, 1905	11,565	9.8
Improvements, 1910	4,700	4.0
	$23,530	20 cts.

A resolution adopting the above rate was unanimously adopted. Trustee Jones being the only absentee at the meeting.

ALL BIDS REJECTED.

All bids to furnish 5,000 feet of fire hose were rejected and the clerk was authorized to advertise anew. The rejection was because the call for bids was not advertised for twenty days in view of the expenditure involved, which is $5,000 and over.

The was to have been objection made by some of the bidders because the specifications as claimed did not permit of the fullest competition.

MARIPOSA OPENING.

Mr. Noble and others appeared before the board asking for some satisfaction regarding the opening of Mariposa street through land owned by Radin and Kamp. This matter was up once before and temporarily shelved until after the opening of U street. The latter has been opened and the property owners were desirous to know what next to do with Mariposa. It was made to appear that the checks are in the hands of the city clerk to pay Radin and Kamp, Attorney Tupper and others the awards of damages made to them by the commissioners, but that they have refused to accept the awards. Nothing remains to be done save to institute condemnation proceedings, if it is still the wish to open Mariposa street.

DUSTY FRONT STREET.

Trustee Snow complained of the "shameful condition" of Front street north of Fresno on account of dust and the tardiness of the railroad company in paving that portion of the street approaching its new freight depot.

Mayor Rowell suggested that the authorities again go after the railroad which is a body slow to move and if it shows a disposition not to do as agreed upon to rescind the resolution closing the street.

Until some move is made, Trustee Snow asked what shall be done in the meantime to alleviate the condition of affairs which will not be improved with the coming on of the winter rains.

Street Superintendent Thorn was directed to sprinkle the street to afford temporary relief. He said he had begun to water down the dust, but could not finish for lack of hose and moreover because the railroad company refused to permit him to hook on to its water hydrants and the water company also protested against such unauthorized appropriation of water by the city.

FIRE IN THE FOREST ON DINKEY CREEK

Chief Deputy Assessor Chase H. Sayre and family returned on Sunday night from a mountaineering journey in the Kings river canyon. The party was away for a month, and Mr. Sayre reports that on the homeward journey last Friday they passed a great forest fire in the Dinkey creek country, to fight which the rangers had impressed all available residents in that part of the country. The heavens were lurid with the glare from the burning trees and brush, the fire-covered area being reported to be a belt of seven miles long with varying depth of one and two miles.

FORTIFYING THE CANAL.

LONDON, Sept. 5.—The Daily News, discussing today Colonel Roosevelt's demand in a speech at Omaha that the United States fortify the Panama canal, says it fears that as a matter of strict interpretation, the ex-President's view can hardly be sustained, and that such fortification would violate the American-British treaty. It suggests also that the Panama canal may be made the principal naval basis for the American navy which would make a serious difference to China and Japan.

VEITH REPORTED TO BE BOOSTING GRAPES

Offers $10 and $11; Barton Winery Standing Pat at $9.00.

According to reports that come in from the country, W. A. Veith is the bull in the wine grape game this year. It was stated yesterday that Veith was paying $10 for black grapes and $11 for Faher Zagos.

The Barton, which paid $9.50 for a time, the extra half dollar being for hauling, has gone back to $9 straight. This is said to be in accordance with an agreement among the wine men, with the exception of Veith.

Black grapes dried are bringing as high as 2 1-2, while some purchasing brokers are talking as high as 3 3-4 cents for Muscats.

A disturbing report was out yesterday that a number of packers had called in their buyers in an effort to break the present stiff state of the raisin market. Some packers spoken to yesterday said that they had buyers out, while others admitted that their men were not buying, but said it was not due to any concerted movement, only that the growers were holding too high and there was no use trying to buy.

FIRE THREATENS COALINGA AGAIN

COALINGA, Sept. 5.—Fortune prevented what might have been another disastrous conflagration in the heart of the business district of Coalinga last night. It seems that one of the assistant cooks of the Bullivan grill on Front street climbed to the distillate tank at the rear of the establishment to ascertain the quantity of fuel on hand. The man took with him a lamp, it being dark, a small lighted tallow candle so that he could peer into the tank. Through some carelessness on the part of the assistant or by accident he let the piece of candle fall into the inflammable fluid. Fortunately there was but little in the tank and the explosion was not very great although enough flame shot out of the tank to attract the attention of a great many people and an alarm was sent in. No damage was done however and it was not necessary to turn on a stream of water.

TWO ARE DROWNED.

WORCESTER, Mass., Sept. 5.—Louis and Kittie Perle, the latter leading lady of the Manhattan Opera Company, were drowned in Lake Quinsigamond tonight. In changing seats in a flat-bottomed boat, Mrs. Perle fell over board. Her husband jumped in to save her and called for help, which did not come in time.

POSTMASTER DIES.

SANTA MONICA, Cal., Sept. 5.—Postmaster K. B. Summerfield died here today after an illness of only a few weeks. He was 46 years of age, and had but recently been appointed postmaster for his third consecutive term.

ROME, Italy, Sept. 5.—Fourteen deaths from cholera and twenty new cases of the disease was reported from the infected district in southeastern Italy in the last twenty-four hours.

1000 TRAINMEN STRIKE.

HOUSTON, Texas, Sept. 5.—More than 1000 men, including about 300 in Houston, and involving both the Texas and New Orleans and the Galveston, Harrisburg and San Antonio railroads, went on strike Saturday afternoon. These include all car repairers and builders, checkers and inspectors, all of whom are striking for union recognition.

The men have demanded a contract and recognition of their union, securing seniority in employment.

JAP-A-LAC
Means Newness

A can of Jap-a-Lac will brighten things up considerably. If your furniture is scratched or bungled up a little, put on some Jap-a-Lac and—Presto—it's as good as new. We have paints for outside purposes also, the kind that stands a lot of sun and rain without peeling off or looking dingy. Bring your paint wants to us — you can't do better.
